The Honorable District Judges Burt Carnes, 368<sup>th</sup> Judicial District Billy R. Stubblefield, 26<sup>th</sup> Judicial District Ken Anderson, 277<sup>th</sup> Judicial District Mike Jergins, 395<sup>th</sup> Judicial District Mark Silverstone, 425<sup>th</sup> Judicial District

The Honorable Commissioner's Court, Williamson County, Texas Dan A. Gattis, County Judge Lisa Birkman, County Commissioner, Precinct I Cynthia Long, County Commissioner, Precinct II Valerie Covey, County Commissioner, Precinct III Ron Morrison, County Commissioner, Precinct IV

The Citizens of Williamson County

Ladies, Gentlemen and Citizens:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of Williamson County for the fiscal year ended September 30, 2011.

This report consists of management's representations concerning the finances of Williamson County. Consequently, management assumes full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, management of Williamson County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of Williamson County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, Williamson County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As financial management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Williamson County's financial statements have been audited by Weaver and Tidwell, L.L.P., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of Williamson County for the fiscal year ended September 30, 2011, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that Williamson County's financial statements for the fiscal year ended September 30, 2011 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of Williamson County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal and state grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and legal requirements involving the administration of federal and state awards. These reports are available in the last section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. Williamson County's MD&A can be found immediately following the report of the independent auditors.

### Profile of the Government

Williamson County, organized in 1848, is located in the central part of the state, which is considered to be the top growth area in the state, and one of the top growth areas in the country. Williamson County currently occupies a land area of 1,135 square miles and serves an estimated population of 426,645. Williamson County is empowered to levy a property tax on both real and personal properties located within its boundaries.

Williamson County is a political subdivision of the State of Texas. It has no legislative powers and very restrictive judicial and administrative powers. The governing body of the County is the Commissioner's Court of five members. The County Judge is the chairman of the court and the Commissioner from each of the four road and bridge precincts are also members. The Court has only such powers as are conferred upon it by the Constitution and the Statutes or by necessary implication there from.

Williamson County provides many varied services for the public it serves. Among these services are judicial, detention facilities, public safety, county roads, emergency medical service, health and limited social services, public improvements and general administrative services.

When a county has reached a population of more than 125,000 the Commissioner's Court may appoint a Budget Officer. The Budget officer is responsible for preparing a county budget for the fiscal year. In preparing or monitoring the budget, the budget officer may require the county auditor or any other district, county, or precinct officer of the county to provide any information necessary for the budget officer to properly prepare or monitor the budget. The budgets must be carefully itemized to make possible a comparison of the proposed expenditures with the expenditures of the preceding year. The budget must show as definitely as possible or with reasonable accuracy the purpose of each expenditure and the amount of money to be spent.

By statute, the County Auditor projects the revenues for the county. Once these processes are complete, the Budget Officer files a copy of the proposed budget with the County Clerk. The Commissioner's Court holds a public hearing on the proposed budget. Any taxpayer of the County may attend and may participate in the hearing.

At the conclusion of the public hearing, the Commissioner's Court takes action on the proposed budget. The Commissioner's Court may make any changes in the proposed budget that it considers warranted by law and required in the best interest of the taxpayers.

The Commissioner's Court may levy taxes only in accordance with the budget. After final approval of the budget, the County Auditor shall file the budget with the County Clerk and may spend county funds only in strict compliance with the budget, except in an emergency.

The Commissioner's Court may authorize an emergency expenditure as an amendment to the original budget only in a case of grave public necessity to meet an unusual and unforeseen condition that could not have been included in the original budget through the use of reasonably diligent thought and attention. If the Court amends the original budget to meet an emergency, the Court files a copy of its order amending the budget with the County Clerk. The clerk attaches the copy to the original budget.

The Commissioner's Court, by order, may amend the budget to transfer an amount budgeted for one item to another budgeted item within the same fund without authorizing an emergency expenditure.

State Law requires counties to adopt a budget before they adopt a tax rate. The Commissioner's Court may levy taxes only in accordance with the budget. Chapter 26 of the Property Tax Code requires taxing units to comply with truth-in-taxation laws in setting their tax rates. This law has two purposes:

- to make the taxpayers more knowledgeable about tax rate proposals;
- and, in certain cases, to allow taxpayers to roll back or limit a tax increase.

### Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which Williamson County operates.

**Local Economy.** Williamson County has been one of fastest growing counties in the state. Since 2000, the county's population has grown by 69 percent. It is now the 12<sup>th</sup> most populous county in Texas. Williamson County's growth has been fueled by its location on the I-35 corridor and close access to Austin, Texas. The county's economic base has developed to be home to many major industries, including high tech, manufacturing, healthcare and higher education. Despite the current economy nationwide, the regional economy remains relatively healthy. The county unemployment rate was unchanged from 7.1% in September 2010 to 7.1% in September of this year, the rate was significantly lower than the national rate for September which decreased from 9.2% in 2010 to 8.8% this year.

Williamson County is not insulated from the downturn of the economy. However, the county's economy is diverse which enables continued growth that outpaces the rest of the country. The county is the home of the fastest growing retirement community in the nation, Sun City Texas. The community experienced a 10% increase in new homes from 2010 to 2011. It is expected that the community will experience a 20% growth in 2012. A stable housing market, an affordable cost of living and tax advantages are the significant growth factors for the community.

The city of Round Rock approved \$7.8 million in bonds to build an indoor sports complex. It is expected to draw thousands of visitors to the city. The complex will host a variety of sports activities. The county broke ground on a 30,000 square foot Emergency Services Operations Center. The center will house various county departments that are currently scattered throughout the county. The facility will be a hub where emergencies will be handled and officials can gather to deal with emergency situations.

Health care options continue to increase in the county. Scott and White announced in April 2011 the building of a new clinic in Leander. This 12,000 square foot facility opened in January 2012. Seton Medical Center Williamson has been certified a Level II Trauma Center. This means specialized medical staff and 24 hours/seven day per week accessibility are available. The facility will provide acute critical care.

Other business developments opened throughout the past year. In Taylor the first single-stream recycling facility in Central Texas opened in September 2011. Before the plant was built, companies would travel to San Antonio to take the recycling. Emerson Processing Management chose to move its headquarters to Round Rock in June 2011. This will bring 750 jobs to the area in 2012 with an additional 125 jobs over the next three years. Office Depot will open a new sales office in the county. 200 jobs are expected to be created over the next 5 years.

Williamson County is a part of the Austin-Round Rock metropolitan area. The metropolitan area continues to be a top performer in numerous national rankings. For the second consecutive year, the County was ranked the healthiest county in Texas, by the Robert Wood Johnson Foundation and the University of Wisconsin. The City of Round Rock ranked eleventh as one of the safest cities in the US with a population greater than 100,000.

**Long-Term Financial Planning.** Williamson County continues to address safety and mobility improvements necessary to adapt to the county's growth. The 2006 Voter Approved \$228 General Obligation Road Bond projects expended approximately a total of \$51.7M this year. In 2011, there were several new and current road projects under construction such as Chandler 3A (\$2.8M), O'Connor Boulevard (\$3.7M), Ronald Reagan Phase III (\$3.7M), SH 45/O'Connor Boulevard (\$7.8M), SH 195 (\$7.9M), and Williams Drive (\$4.9). Williamson County joined with other entities to complete some of the projects. Williams Drive is a joint effort with the City of Georgetown which will reimburse Williamson County 65% of all road related costs. An additional collaborative effort with the Texas Department of Transportation (TXDOT) provides for safety improvements is to SH 195 and to build the SH 45/O'Connor Exchange. Williamson County is being reimbursed 90% for the purchased right of way to include easements and utility relocation on SH 195 from Florence to IH-35. TXDOT will fund environmental, engineering design and construction of SH 195. On SH 45 and O'Connor exchange, Williamson County contributed a portion of the estimated construction costs to TXDOT to complete the roadway.

The Pass-Through Finance Program has several projects under construction including RM 2338 Phase II (\$6.5M), US 79 Section 5A (\$2.9M), US 79 Section 3 (\$9.8M), and US 183 Extension (\$8.9M). TXDOT will reimburse the county for these road projects after substantial completion is reached. Williamson County will receive semiannually an amount equal to \$.10 for each vehicle mile traveled. The maximum reimbursement amount from TXDOT for the entire pass through program is \$151,942,000.00.

2006 Certificate of Obligations and 2008 Tax Anticipation Notes have been sold to build various County facilities. In 2011, the software upgrade of emergency services and development of the Emergency Services Operating Center showed considerable progress. Architectural design began in 2011 for the Emergency Services Operation Center and the groundbreaking for construction took place in January 2012.

The 2006 Voter Approved \$14M General Obligation Park Bond dollars were combined with local, city contributions for parks in Andice, Florence, Jarrell, Liberty Hill, Walburg, Taylor, and Thrall. In 2011, the construction of the Park Office was completed which is located in the Southwest Regional Park at a cost of approximately \$667K.

### **Relevant Financial Polices.**

Financial Policy. The Williamson County Commissioner's Court ensures financial stability within the County government by adopting proactive, responsible policies that allow the County to respond to growth and infrastructure needs while maintaining a high standard of County-provided services. The Financial Policy is intended as a guide for the members of Commissioner's Court in evaluating the impact of policies and funding decisions on future County services. The court will continue to act with speed in identifying early opportunities to reprioritize projects and investments and adjust strategies where necessary.

Debt Management Policy, this policy has been adopted to provide a conceptual framework for the issuance and management of debt. This policy recognizes the capital improvement needs of a growing County and the need to balance the taxpayer's ability to pay. The county will consider various factors before the issuance of debt and take a prudent approach.

Fund Balance Policy. The County has adopted a policy to maintain an appropriate level of fund balance. The level of the Unassigned Fund Balance for the General fund shall not be less than 30% of total General Fund budgeted expenditures.

County Investment Policy. The objectives of the County's investment policy are to match the suitability of investments to financial requirements; achieve safety of principal; maintain liquidity; diversify the portfolio by investment type, issuer and maturity sector; and to seek the highest possible yield within policy and cash flow constraints. The policy adheres to the statutory requirements of the Local Government Code 116.112(a) and /or Title X, Chapter 2256, Section 2556.005 (f) and (g) of the Texas Government Code.

The conservative fiscal stewardship and county policies contributed to the affirmation of the county's bond rating of AAA by Standard & Poor's and Fitch Ratings throughout 2011. This rating enables the county to have lower interest rates when issuing bonds resulting in substantial savings to the taxpayers.

**Special Recognition and Appreciation.** Traditionally, the Auditor's office has recognized an individual in this report who has significantly contributed to our efforts to improve and better the business of Williamson County. This year, the Auditor's office would like to recognize Lisa Zirkle, Senior Director of Human Resources for Williamson County, for her diligent efforts in the areas of compensation and health programs for the employees of Williamson County. Her readiness to coordinate with this office on matters that pertain to the long term financial health of the county as well as contribute to process enhancement has been extremely valuable to the business operations of the County. We recognize Lisa Zirkle for her continued support of the Auditor's office and her professional contributions to Williamson County.

### Awards and Acknowledgements.

**CAFR:** The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Williamson County for its comprehensive annual financial report for the fiscal year ended September 30, 2010. This was the 19<sup>th</sup> consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility of another certificate. A copy of this report can be found on the County website at www.wilco.org.

**PAFR:** The Government Finance Officers Association of the United States and Canada (GFOA) has given an Award for Outstanding Achievement in Popular Annual Financial Reporting to Williamson County for its Popular Annual Financial Report for the fiscal year ended September 30, 2010. The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government popular reports. In order to receive an Award for Outstanding Achievement in Popular Annual Financial Reporting, a government unit must publish a Popular Annual Financial Report, whose contents conform to program standards of creativity, presentation, understandability and reader appeal. An Award for Outstanding Achievement in Popular Annual Financial Reporting is valid for a period of one year only. We believe our current report continues to conform to the Popular Annual Financial Reporting requirements, and we are submitting it to GFOA. A copy of this report can be found on the County website at www.wilco.org.

This report is possible because of the efficient and dedicated service of the entire staff of the Auditor's office and the audit team of Weaver and Tidwell, L.L.P. I would like to express my appreciation to all members of the department who contributed to the preparation of this report. In addition, I would like to express my appreciation to the Commissioner's Court, the Audit Committee and to the District Judges for their interest and continued support and for the responsive and progressive manner in which they support the financial position and operations of the County. Also, my gratitude goes to all elected officials and employees concerning all matters related to the operation of this office during the past year and for their efforts toward improving County business.

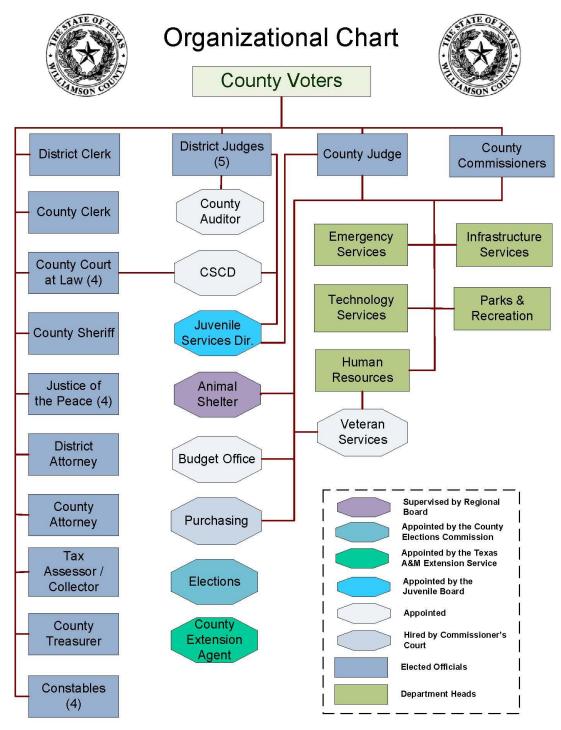

Respectfully submitted,

) U Alores

Certificate of Achievement for Excellence in Financial Reporting

Presented to

# Williamson County Texas

For its Comprehensive Annual **Financial Report** for the Fiscal Year Ended September 30, 2010

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Dinta C. Danison President

**Executive Director** 

### **FINANCIAL SECTION**

### INDEPENDENT AUDITOR'S REPORT

To the Honorable County Judge, and County Commissioners Williamson County, Texas

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Williamson County, Texas (the County) as of and for the year ended September 30, 2011 which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the County as of September 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 3 to the basic financial statements, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 54 *Fund Balance Reporting and Governmental Fund Type Definitions*, for the year ended September 30, 2011.

In accordance with *Government Auditing Standards*, we have also issued our report dated March 26, 2012, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control of financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Williamson County, Texas March 26, 2012

Page 2

The management's discussion and analysis (on pages 3 through 14) is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the supplementary information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedule of expenditures of federal and state awards is presented for the purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-profit Organizations*, and is also not a required part of the financial statements. The combining and individual nonmajor fund financial statements and schedule of expenditures of federal and state awards have been subjected to the auditing procedures applied in the audit of the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the basic financial statements taken as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the basic financial statements taken as a whole.

Weaver and Siduell L.L.P.

WEAVER AND TIDWELL, L.L.P.

Houston, Texas March 26, 2012

### MANAGEMENT'S DISCUSSION AND ANALYSIS

### Management's Discussion and Analysis (Unaudited)

As management of Williamson County, we offer readers of the Williamson County financial statements this narrative overview and analysis of the financial activities of Williamson County for the fiscal year ended September 30, 2011. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i - vii of this report.

This is the ninth year Williamson County is presenting financial information in the new reporting format required by Governmental Accounting Standards Board (GASB) Statement 34.

### **Financial Highlights**

- The assets of Williamson County exceeded its liabilities at the close of the most recent fiscal year by \$206,652,680.
- Restricted net assets of \$45.1 million are funds set aside for specific purposes such as: road and bridge, debt service and tobacco funds.
- As of the close of the current fiscal year, Williamson County's governmental funds reported combined ending fund balances of \$420.8 million.
- The unassigned fund balance for the General Fund was \$68.6 million, or 61.5% of total General Fund expenditures, up from 51% last year. The major factors of the increase in fund balance are explained later in the analysis.
- The County issued \$12.9 million of Limited Tax Refunding Bonds and \$76.9 million Unlimited Tax Road Bonds approved by voters in 2006.

### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to Williamson County's basic financial statements. The County's basic financial statements comprise three components: 1) government-wide financial statements 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-Wide Financial Statements.** The government-wide financial statements are designed to provide readers with a broad overview of Williamson County's finances in a manner similar to a private-sector business.

The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of Williamson County is improving or deteriorating.

The statement of activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes, debt payments, and earned but unused vacation leave).

In the Statement of Net Assets and the Statement of Activities, the County presents information of the primary government (governmental activities):

<u>**Governmental Activities**</u> – Most of the County's basic services are reported here such as public safety, parks and recreation, and community services. Property taxes finance most of these activities.

The government-wide financial statements can be found on pages 15 – 16 of this report.

**Fund Financial Statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of available resources, as well as on balances of unencumbered resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Williamson County maintains 48 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statements of revenues, expenditures, and changes in fund balances for the General Fund, Special Road and Bridge Fund, Debt Service Fund, Capital Project Fund, and Pass-through Funding Program, all of which are considered to be major funds. Data from the other 43 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Williamson County adopts an annual appropriated budget for its General Fund, certain Special Revenue Funds, and the Debt Service Fund. Budgetary comparison statements have been provided for the General Fund and Special Road and Bridge Fund to demonstrate compliance with these budgets.

The basic governmental fund financial statements can be found on pages 17 – 22 of this report.

**Proprietary Funds.** The only type of proprietary fund that Williamson County maintains is Internal Service Funds which are an accounting device used to accumulate and allocate costs internally among the County's various functions. Williamson County uses two Internal Service Funds to account for the Fleet Maintenance Fund and the Benefits Fund. Because both of these services predominantly benefit governmental they have been included within governmental activities in the government-wide financial statements.

The proprietary fund financial statements provide separate information for the Fleet Maintenance Fund and the Benefits Fund. Both Internal Service Funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the Internal Service Funds is provided in the form of combining statements elsewhere in the report.

The basic proprietary fund financial statements can be found on pages 23 – 25 of this report.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support Williamson County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 26 – 27 of this report.

**Notes to the Financial Statements.** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 28 – 65 of this report.

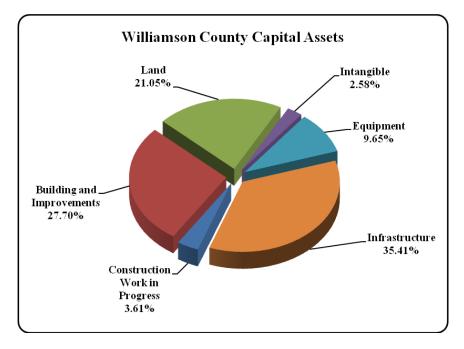

The combining statements referred to earlier in connection with non-major governmental funds and Internal Service Funds are presented immediately following the notes to the financial statements. Combining and individual fund statements and schedules can be found on pages 66 - 119 of this report.

#### Summary of Statement of Net Assets

Total net assets increased by \$19.5 million compared to 2010. This increase is primarily driven by increased receivables due from the Texas Department of Transportation for the pass through financing program. As construction continues, the receivables due from TxDot increase. In addition, other deferred contributions have increased due to the construction of several projects that will be contributed upon completion to another government entity. Like the state roads in the pass through financing program, Williams Drive will be maintained by the City of Georgetown and US 79 Business (2<sup>nd</sup> Street) will transfer to the City of Taylor upon completion. Additional bonds were issued for road improvements and to refinance existing debt in order to take advantage of lower interest rates.

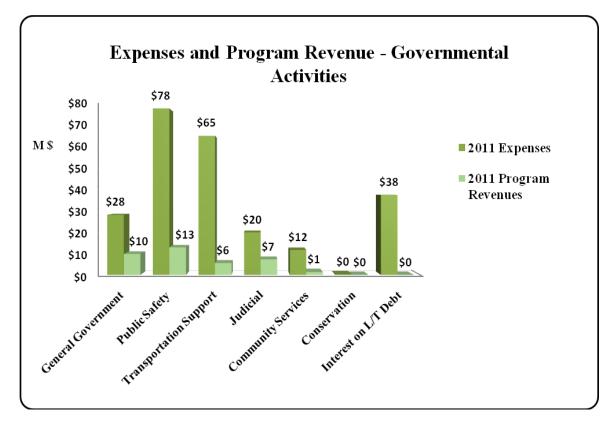

A portion of the County's net assets (\$454.9 million) reflects investment in capital assets (e.g., land, buildings, infrastructure, machinery, and equipment). Williamson County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. It should be noted that the resources needed to repay the debt associated with these capital assets must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

However, the investment in capital assets does not necessarily correlate directly with changes in capital assets as a whole. Many road projects, once completed, are contributed to the local entity involved thus removing the asset from the County's books. In 1999, County Commissioners recognized the need to address transportation needs in the County. Discussions with local and state governments and community leaders led to the development of a Multi-Corridor Plan. Since 2000, in order to facilitate economic growth and to increase the quality of life, the County started responsibly issuing road bonds to address road improvements countywide. As road projects are completed, ownership of many of the new roads is transferred to the appropriate local entity. This plan has benefited the county over the years making travel faster and safer throughout the county.

PRIOR PERIOD, ADJUSTMENT		49,566,028			
NET ASSETS, ENDING	\$ 206,652,680 \$ 187,165,462				

Property taxes are collected to support government activity for the primary government. Property tax revenues decreased \$1.9 million (1.2 percent) from the last fiscal year. The total property taxes collected was \$163.9 million for the year. For 2011, tax rates were held constant from 2010, however, property values decreased slightly resulting in a 1.2% decrease in revenues when netted against new improvement gains.

The chart above compares expenses and direct revenues associated with like county services. The pie chart below includes other revenues, i.e. tax collections that are not tied to individual services provided by the county.

The pie chart below breaks out all expenses by type of service provided by the county.

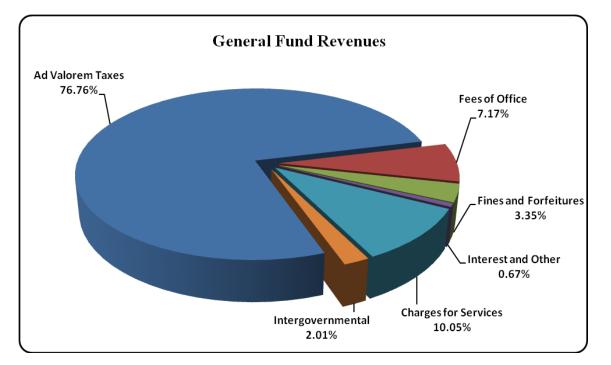

### Financial Analysis of the Governmental Funds

As noted earlier, Williamson County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

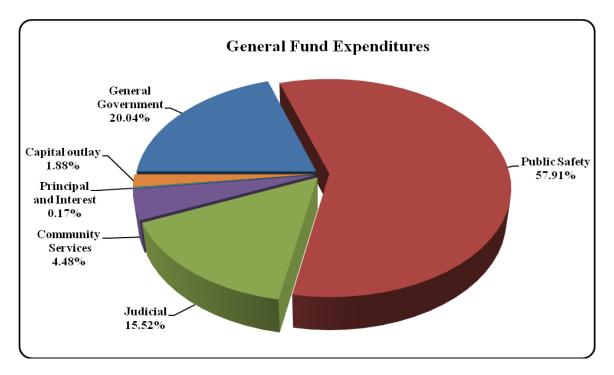

**Governmental Funds.** The focus of this section is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing Williamson County's financing requirements. In particular, the unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the current fiscal year end, Williamson County's governmental funds reported combined ending fund balances of \$420.8 million, an increase of \$28.1 million compared to the prior year. This increase is primarily driven by issuance of the remaining \$76.9 million in bonds from the November 2006 Bond Election. These proceeds will be used on various county road projects. \$1.84 million of the fund balance is nonspendable. The majority of the nonspendable amount is due to investments in capital leases. The County is a lessor in capital lease agreements for the Williamson County Children's Advocacy Center building and for emergency radio equipment leased to various local governmental entities. \$350.4 million of the fund balance is restricted and committed. This means that these funds are earmarked for specific purposes that have been either imposed by state legislation or by formal action taken by commissioner's court. The remaining balance is unassigned and can be used for any purpose. **General Fund.** The General Fund is the chief operating fund of the County. At the end of the current fiscal year, total fund balance of the General Fund was \$69.8 million with a \$1.2 million nonspendable fund balance for investment in capital leases and prepaid. As a measure of the General Fund's liquidity, it is useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance for 2011 represents 61.5% of total General Fund expenditures. This significant fund balance to total expenditure ratio indicates a healthy financial position. The County has adopted a policy to maintain an appropriate level of unreserved General Fund balance to protect against a reduction of services due to temporary revenue shortfalls or unexpected one-time expenditures. A Fund Balance Policy adopted by the Commissioner's Court in 2009 states that the level shall not be less than 30% of total General Fund budgeted expenditures.

The fund balance of Williamson County's General Fund has increased by 16% during the current fiscal year. Tax revenues were down slightly (\$1.3 million), but that was offset with higher revenues for charges for services by Law Enforcement (\$1.7 million). 2011 showed a significant reduction in indigent healthcare costs compared to the prior year due to changes in policies initiated by Commissioner's Court. In addition, expenditures showed a significant decrease from budgeted amounts. Employee vacancies and turnover account for a savings of \$2.6 million from budgeted salary cost projections. Also, conservative spending across many departments including public safety and general government resulted in lower than budgeted operational costs. The total decrease of expenditures from budgeted amounts allowed for an almost \$9.4 million increase to the fund balance in the general fund beyond the budgeted amount.

General Fund revenues and expenditures are graphically depicted below.

There was a significant variance, however, between the original budget and the final total expenditures due to decreases in indigent costs. Policy changes enacted by the Commissioner's Court concerning these costs reduced total expenditures \$3 million from the original budget.

The continuation of the County's cost containing policies helped to facilitate budget surpluses in many other departments, as well. For example, the budget order does not allow transfers of dollars designated for salaries and fringe benefits to other expenditure accounts. These policies result in budgeted surpluses at the fiscal year-end thus increasing the year-end fund balance.

**Long-Term Debt.** At the end of the current fiscal year, the County had total bonded debt outstanding of \$820.3 million. Williamson County's debt has increased by \$52.9 million during the current fiscal year. The County issued the remaining \$76.9 million of the authorized but unissued bonds from the November 2006 Bond Election. The bonds are the continuation of the County's investment in infrastructure to address the transportation needs of a growing county. The proceeds will be used for road construction. In addition, the County issued \$12.9 million Limited Tax Refunding Bonds. The purpose of the refunding was to advance refund a portion of existing debt and pay costs associated with issuing the bonds. The refunding lowered the debt service payments \$683,563 over the next 16 years. These bonds are additionally secured by County ad valorem taxes. This excludes Avery Ranch Road District which is directly obligated to those particular bonds.

**Debt Service Fund.** The total fund balance at year end is \$17.7 million, all of which is restricted for the payment of debt service. This balance reflects a current year net decrease of \$4.2 million. The decrease was primarily due to the use of capitalized interest received in FY2009 from the issuance of the 2009 Pass-Through Bonds. Capitalized interest allows payments on the debt in the initial phases of construction prior to reimbursement by TXDOT. These monies will be transferred to the debt service fund to pay for the Pass-Through Bonds. The other portion of the \$4.2 million decrease of fund balance was a payment for the 2008 TAN

reflecting a commitment by Commissioner's Court to pay for that particular \$10 million bond issuance out of fund balance of the Debt Service Fund.

The County's continued investment in infrastructure has resulted in substantial growth of the tax base. In 2006, County management pledged to the citizens a stabilization of the portion of the tax rate supporting debt service. The current fund balance is sufficient to maintain this goal while continuing to address the needs of the County.

Additional information on Williamson County's long-term debt can be found in Note 10 on pages 52 - 58 of this report.

**Capital Projects Fund.** The Capital Projects Fund has a total fund balance of \$173.2 million which is a decrease from FY 2010 of \$1 million. The primary driver behind the decrease to fund balance is increased road construction expenditures in FY2011. Interest earnings declined due to both the decrease in fund balance and lower interest rates. Total expenditures from the Capital Projects Fund were \$99.9 million with capital outlay expenditures accounting for \$25.5 million. The county spent \$57.1 million from the 2006 voter-approved \$228 million General Obligation Road Bonds. The major construction expenditures during the year include \$9.8 million on US Hwy 79 Section 3, \$8.9 million on US 183 Extension, \$7.9 million for SH 195 and \$7.8 million on SH 45/O'Conner Blvd.

**Capital Assets.** Williamson County's investment in capital assets as of September 30, 2011 amounts to \$454.6 million (net of accumulated depreciation). This investment includes land, buildings, system improvements, machinery and equipment, park facilities, roads, highways, and bridges.

Major capital asset additions during the current fiscal year include the following:

- Williams Drive Improvements
- Chandler Road Phase 3B
- Hickory Pass, Ring & Johnston Mitigation Credits
- CR 214 Improvements
- Odyssey Justice System Software
- Public Safety Technology Project
- CR 366 Improvements

Additional information on Williamson County's capital assets can be found in Note 7 on pages 48 - 49 of this report.

**Special Road and Bridge Fund.** The Special Road and Bridge Fund has a total fund balance of \$12.2 million, with a net decrease of \$2.3 million. The decrease is primarily due to increased county road maintenance and improvement projects. The County is phasing in a plan to increase funding for maintaining and improving county roads. The Road & Bridge tax rate remained the same in 2011 as in 2010 at \$.03/\$100 of value.

**Proprietary Funds.** Proprietary funds are made up of two Internal Service Funds which include the Fleet Service Fund and the Benefits Fund.

### Economic Factors and Next Year's Budgets and Rates

**Economic Conditions.** While not immune from the effects of the economic downturn, the employment base is broad and continues to outperform much of the country. The economy continues to diversify, with unemployment rates below state and national averages. However, the county has seen significant declines in interest earnings on investments coupled with increased demand for services in the areas of law enforcement, emergency services, indigent health care and legal defense.

The taxable assessed valuation (TAV) growth has been solid, spurred by affordable home prices and ample developable land, which until recently, was fueling property tax growth. A modest decline of 1% TAV was recorded in fiscal 2011. However, a 2.5% increase is anticipated for 2012. Property tax revenue collections remain consistent with historic levels. The average collection rate is 99.83%.

The economic base has grown significantly; substantial population gains and residential development have resulted in the expansion of retail, higher education, and the healthcare sector. Williamson County also benefits from a number of large high technology (high tech) firms located within the area, including the corporate headquarters of Dell Computers. The county has experienced growth in retail and manufacturing sectors as well. Emerson Process Management announced the relocation of its division headquarters to the County. This will bring 750 jobs to the area in 2012 with an additional 125 jobs over the following three years. While there has been some recent contraction in high tech manufacturing, county and regional unemployment remains below state and national averages.

**Unemployment.** September 2011 unemployment rate for Williamson County was 7.1%, which is unchanged from the rate of 7.1% a year ago. This compares favorably to the state's unemployment rate of 8.0% and the national rate of 8.8%.

All of these factors were considered in preparing Williamson County's budget for FY 2012.

### **Requests for Information**

This financial report is designed to provide a general overview of Williamson County's finances for all those with an interest in its finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the following:

# WILLIAMSON COUNTY, TEXAS RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES YEAR ENDED SEPTEMBER 30, 2011

Net change in fund balances - total governmental funds	\$ 28,120,811
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report outlays for capital assets as expenditures. However, in the statement of activities the cost of those assets is allocated over their useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	12,019,030
Governmental capital assets donated to the County are not current financial resources and therefore, are not reported in the fund statements. Capital assets donated to the County in the current fiscal year increased net assets.	10,901,243
Governmental funds report expenditures for costs of assets under construction that will be contributed on completion to another entity. However, in the statement of activities, the cost of those assets will be expensed when the completed asset is transferred.	36,475,337
Governmental funds report the entire net sales price (proceeds) from sale of an asset as revenue because it provides current financial resources. In contrast, the statement of activities reports only the gain or loss on the sale of the assets. In addition, the cost basis of assets donated to other entities is reported as expenses on the statement of activities in the period donated. The sum of these items totals:	(6,426,525)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(2,894,448)
Pension expenditures reported in the funds use current financial resources, however, pension expenses in the statement of activities will be expensed as incurred.	21,911
The issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(50,956,284)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(7,773,857)
Change in net assets of governmental activities	\$ 19,487,218

The Notes to the Basic Financial Statements are an integral part of this statement.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Williamson County, Texas (the County) uses a commission form of government under the laws and statutes of the constitution of the State of Texas. The County provides various services to advance the welfare, health, morals, comfort, safety, and convenience of the County and its inhabitants. A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

#### Financial Reporting Entity

In 1991, the Governmental Accounting Standards Board (GASB) issued Statement No. 14, *The Financial Reporting Entity*, which established standards for defining and reporting on the financial reporting entity. The discussion that follows includes not only the minimum guidelines for an entity's inclusion in the County's financial statements, but also the reasons that certain entities were excluded from the statements.

The definition of the reporting entity is based primarily on the notion of financial accountability. The elected officials governing Williamson County are accountable to their constituents for their public policy decisions, regardless of whether those decisions are carried out directly through the operations of the County or by their appointees through the operations of a separate entity. Therefore, the County is not only financially accountable for the organizations that make up its legal entity, it is also financially accountable for legally separate organizations if its officials appoint a voting majority of an organization's governing body and either it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or to impose specific financial burdens on the County.

Depending upon the significance of the County's financial and operational relationships with various separate entities, the organizations are classified as blended or discretely presented component units, related organizations, joint ventures, or jointly governed organizations, and the financial disclosure is treated accordingly.

**<u>Related Organizations</u>** – Where the Commissioners' Court is responsible for appointing a majority of the Members of a board of another organization, but the County's accountability does not extend beyond making such appointments, disclosure is made in the form of the relation between the County and such organization.

#### **Blended Component Units**

**Avery Ranch Road District** was formed by the Williamson County Commissioners' Court in accordance with the Texas Government Code in February of 2001. The District issues unlimited tax bonds for the purpose of developing roads within the District. The bonds constitute direct obligations of the Avery Ranch Road District payable from ad valorem taxes levied upon all taxable property located within the District. The District is governed by a Board comprised of the Williamson County Commissioners' Court.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

#### Financial Reporting Entity – Continued

#### **Blended Component Units – Continued**

*Williamson County Conservation Foundation* is a nonprofit corporation formed under the laws of the Texas Nonprofit Corporation Act. It was formed by the Williamson County Commissioners' Court in December of 2002, as a pro-active approach to providing for conservation and the recovery of endangered species in the Williamson County area. The Foundation is governed by a Board appointed by the Williamson County Commissioners' Court, of which, two members are County Commissioners.

Complete financial statements for each of the individual component units may be obtained at the Williamson County Auditor's office.

Based upon the foregoing criteria, the following entities are not included in the accompanying financial statements: the Williamson County Health Department, the Williamson County Crisis Center, the Williamson County Board of Alcoholism, and Georgetown Road District No.1.

#### Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenue.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenue. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenue includes 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenue are reported instead as general revenues.

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

# Measurement Focus, Basis of Accounting and Financial Statement Presentation – Continued

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenue to be available if collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The County reports the following major governmental funds:

The **General Fund** is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **Special Road and Bridge Fund** is a special revenue fund used to account for revenue derived from ad valorem taxes, vehicle registration fees and rebates from the State of Texas. Expenditures are legally restricted for maintenance and construction of County roads and bridges.

The **Debt Service Fund** is used to account for the accumulation of resources for, and payment of, general long-term debt principal, interest and related costs.

The *Capital Projects Fund* is used to account for the acquisition of capital assets or construction of major capital projects.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

# Measurement Focus, Basis of Accounting and Financial Statement Presentation – Continued

The **Pass-Through Funding Program** is a Special Revenue Fund used to account for reimbursements from the Texas Department of Transportation (TxDOT) related to the Pass-Through Road Financing Program. The pass-through program allows the County to manage the improvements of state highways. Reimbursements from TxDOT are based on a per vehicle usage after completion of these projects. The monies will be used for the payment of the debt related to these projects. Any funds remaining after all debt has been retired will be used for road projects.

Additionally, the County reports the following fund types:

*Internal Service Funds* account for the Benefits Program and Fleet Maintenance services provided to other departments or agencies of the government, or to other governments, on a cost reimbursement basis.

The *Private-Purpose Trust Fund* is used to account for investments, interest, rents and royalties for the benefit of various school districts in the County. The revenues are distributed to the various school districts.

**Agency Funds** are used to account for assets held by the County on behalf of individuals and other governments. Examples include taxes, fines, bonds and restitution. Agency Funds are custodial in nature and do not include measurements of results of operations.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements with the exception of interfund services provided and used.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenue includes all taxes. Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's internal service funds are charges to customers for services. Operating expenses for the internal service funds include the cost of services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenue and expenses.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

#### New Accounting Pronouncements

In June 2010, the GASB issued Statement No. 59, *Financial Instrument Omnibus* (GASB 59). This statement is to update and improve existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2010. The County implemented GASB 59, as of October 1, 2010.

In November 2010, the GASB issued Statement No. 61, *The Financial Reporting Entity: Omnibus an Amendment of GASB Statement No. 14 and No. 34* (GASB 61). This statement modifies certain requirements for inclusion of component units in the financial reporting entity, amends criteria for reporting component units as if they were part of the primary government and clarifies the reporting of equity interests in legally separate organizations. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2012. The County will adopt GASB 61 in the fiscal year ending September 30, 2013 and is currently evaluating the impact of this standard on its financial statements.

In December 2010, the GASB issued Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 Financial Accounting Standards Board (FASB) and American Institute of Certified Public Accountants (AICPA) Pronouncements* (GASB 62). This statement incorporates into GASB authoritative literature certain accounting and financial reporting guidance issued by the FASB and AICPA on or before November 30, 1989, which does not conflict or contradict GASB pronouncements. The requirements of this statement are effective for financial statements for periods beginning after December 15, 2011. The County will adopt GASB 62 in the fiscal year ending September 30, 2013 and is currently evaluating the impact of this standard on its financial statements.

In June 2011, the GASB issued Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position* (GASB 63). The requirements of this Statement will improve financial reporting by standardizing the presentation of deferred outflows of resources and deferred inflows of resources and their effects on a government's net position. It alleviates uncertainty about reporting those financial statement elements by providing guidance where none previously existed. The requirements of this statement are effective for financial statements for periods beginning after December 15, 2011. The County will adopt GASB 63 in the fiscal year ending September 30, 2013 and is currently evaluating the impact of this standard on its financial statements.

#### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

#### New Accounting Pronouncements – Continued

In June 2011, the GASB issued Statement No. 64, *Derivative Instruments: Application of Hedge Accounting Termination of Provisions – an Amendment to GASB Statement No. 53* (GASB 64). The requirements of this Statement enhance comparability and improve financial reporting by clarifying the circumstances in which hedge accounting should continue when a swap counterparty, or a swap counterparty's credit support provider, is replaced. The requirements of this statement are effective for financial statements for periods beginning after June 15, 2011. The County will adopt GASB 64 in the fiscal year ending September 30, 2012 and is currently evaluating the impact of this standard on its financial statements.

# NOTE 2. DETAILED RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

#### Explanation of Certain Differences Between the Governmental Fund Balance Sheet and the Government-wide Statement of Net Assets

The governmental fund balance sheet includes a reconciliation between total fund balances – governmental funds and net assets of governmental activities as reported in the government-wide statement of net assets. One element of that reconciliation explains, "Long-term liabilities are not due and payable in the current period and therefore are not reported in the funds." The details of this (\$868,898,278) difference are as follows:

Bonds Payable	\$ (820,709,942)
Loss on issuance of refunding bonds	13,386,798
Bond issuance discount	1,057,578
Bond issuance premium	(27,688,516)
Accumulated accretion on capital appreciation bonds	(6,724,007)
Tax anticipation notes	(5,985,000)
Capital lease payable	(268,769)
Compensated absences	(4,644,970)
Net OPEB obligation	(17,321,450)
Net adjustment to reduce fund balance - governmental	
funds to arrive at net assets of governmental activities	\$ (868,898,278)

#### NOTE 2. DETAILED RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS – CONTINUED

Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance and the Government-wide Statement of Activities

The governmental fund statement of revenues, expenditures and changes in fund balances includes a reconciliation between net change in fund balances – total governmental funds and change in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains, "Governmental funds report outlays for capital assets as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this \$12,019,030 difference are as follows:

Capital outlay	\$ 29,687,307
Depreciation expense	(17,668,277)
	 <u> </u>
Net adjustment to increase net change in fund balances -	
total governmental funds to arrive at change in net	
assets of governmental activities	\$ 12,019,030

Another element of that reconciliation states, "Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds." The details of this (\$2,894,448) difference are as follows:

Property taxes	\$	(94,788)
Adjudicated fines		60,707
Emergency medical services		(1,505,822)
Investment in capital lease		(124,040)
Animal shelter fees		13,711
Intergovernmental reimbursements		(1,244,216)
Net adjustment to increase net change in fund balances - total governmental funds to arrive at changes in net	٩	(0.004.440)
assets of governmental activities	\$	(2,894,448)

#### NOTE 2. DETAILED RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS – CONTINUED

# Explanation of Certain Differences Between the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund Balance and the Government-wide Statement of Activities – Continued

Another element of the reconciliation states, "The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this (\$50,956,284) difference are as follows:

Capital lease payments	\$ 171,563
Issuance of bonds	(89,790,000)
Bond issuance costs	1,328,636
Discount on bond issuance	294,217
Premium on bond issuance	(1,981,596)
Loss on refunding	1,170,896
Principal payments on tax notes and bonds	 37,850,000
Not adjustment to decrease not change in fund balances	

Net adjustment to decrease net change in fund balances total governmental funds to arrive at changes in net assets of governmental activities

\$ (50,956,284)

Another element of the reconciliation states, "Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds." The details of this (\$7,773,857) difference are as follows:

Amortization of bond issuance discount Amortization of bond issuance premium Amortization of bond issuance fees Amortization of loss on refunding bonds Accretion of capital appreciation bonds Increase in compensated absences Increase in accrued interest Increase in net OPEB obligation	\$ (56,597) 1,856,948 (873,139) (1,646,577) (296,796) (126,122) (289,227) (6,353,998) 11,651
Decrease in arbitrage rebate	 11,651
Net adjustment to decrease net change in fund balances - total governmental funds to arrive at changes in net	
assets of governmental activities	\$ (7,773,857)

#### NOTE 3. ASSETS, LIABILITIES AND NET ASSETS OR FUND BALANCE

#### **Cash and Investments**

The County pools cash resources of some funds and invests these funds jointly. Each fund owns a prorata share of the cash and investments. The County is entitled to invest in obligations of the United States, the State of Texas, and certificates of deposit of state or national banks or savings and loan associations within the State. All investments are stated at fair value.

Investment earnings are allocated to the respective funds based on the cash balances outstanding at the end of each month.

The County's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

#### **Receivables and Payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

All trade and property tax receivables are shown net of an allowance for uncollectible amounts. Trade accounts receivable in excess of 60 days comprise the trade accounts receivable allowance for uncollectible amounts.

Ad valorem property taxes attach as enforceable liens as of January 1. Taxes are levied prior to September 30, payable on October 1, and are delinquent on February 1. The majority of the County's property tax collections occur during December and early January each year. To the extent that County property tax revenue result in current receivables as defined by the GASB they are recognized when levied.

#### **Inventories and Prepaid Items**

All inventories are valued at cost using the first-in/first-out (FIFO) method.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### NOTE 3. ASSETS, LIABILITIES AND NET ASSETS OR FUND BALANCE – CONTINUED

#### **Deferred Contributions**

Deferred contributions include the construction costs primarily of roads within the County that will be contributed upon completion to another governmental entity. Upon completion of the project, these assets will be transferred to another governmental entity and expensed in the statement of activities.

#### **Capital Assets**

Capital assets, which include property, plant, equipment and infrastructure assets (e.g. roads, bridges, sidewalks and similar items) and intangible assets (i.e., mitigation credits) are reported in the governmental activities column in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

Intangible assets were modified to comply with GASB Statement No. 51. Intangible assets are not physical in nature, do not have monetary form, and are identifiable. Intangible assets include mitigation credits, unregistered trademarks, easements, and software (acquired or internally developed). Like capital assets, the County defines intangible assets with an initial cost of more than \$5,000 and an estimated useful life in excess of one year.

Intangible assets with definite estimated useful lives from 2 to 60 years are amortized using the straight-line method.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and improvements	25 - 40
Vehicles	3 - 14
Machinery and equipment	5 - 15
Infrastructure	5 - 50
Improvements other than buildings	10 - 40

#### NOTE 3. ASSETS, LIABILITIES AND NET ASSETS OR FUND BALANCE – CONTINUED

#### **Federal and State Grants**

Revenue from federal and state grants is recognized on the basis of actual expenditures incurred, limited to the amount of the total grant award. Shared revenue is recognized based on the fiscal period to which the entitlements received apply.

#### **Compensated Absences**

The Williamson County Personnel Policy provides employees with vacation leave and nonvesting accumulating rights to sick pay benefits. The policy allows all employees to accumulate a range of 80 to 160 hours of vacation per year. Employees are allowed to carry their vacation balance forward to the next fiscal year in an amount not to exceed 80 to 160 hours, respectively. Employees may also accrue up to 240 hours of compensatory time. Additionally, holiday time is accrued up to a maximum of 200 hours. Unused compensatory time, vacation leave, and holiday time is paid upon termination. Governmental fund liability and expenditures are not recognized until they come due for payment in accordance with the provisions of GASB Interpretation 6.

#### Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### NOTE 3. ASSETS, LIABILITIES AND NET ASSETS OR FUND BALANCE – CONTINUED

#### Fund Balances and Net Assets

Government-Wide Financial Statements:

Net assets on the Statement of Net Assets includes the following categories:

Invested in capital assets, net of related debt – the component of net assets that reports the difference between capital assets less both the accumulated depreciation and the outstanding balance of debt, net of premiums and discounts, excluding unspent proceeds, that are directly attributable to the acquisition, construction or improvement of these capital assets.

*Restricted* – Net assets are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the County or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

*Unrestricted* – the difference between the assets and liabilities that is not reported in any of the classifications above.

Governmental Fund Financial Statements:

The County has adopted the provisions of GASB Statement No. 54, *Fund Balance Reporting and Government Fund Type Definitions* (GASB 54). The objective of the statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied and by clarifying the existing government fund type definitions. The statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Fund balance classifications, under GASB 54 are nonspendable, restricted, committed, assigned and unassigned. These classifications reflect not only the nature of funds, but also provide clarity to the level of restriction placed upon fund balance. Fund balance can have different levels of constraint, such as external versus internal compliance requirements. Unassigned fund balance is a residual classification within the General Fund. The General Fund should be the only fund that reports a positive unassigned balance. In all other funds, unassigned is limited to negative residual fund balance.

#### NOTE 3. ASSETS, LIABILITIES AND NET ASSETS OR FUND BALANCE - CONTINUED

#### Fund Balances and Net Assets – Continued

Governmental Fund Financial Statements – Continued:

In accordance with GASB 54, the County classifies governmental fund balances as follows:

Nonspendable – includes amounts that cannot be spent because they are either not in spendable form, or, for legal or contractual reasons, must be kept intact.

Restricted – includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amount restricted due to constitutional provisions or enabling legislation.

Committed – includes fund balance amounts that are constrained for specific purposes that are internally imposed by the County through formal action of the highest level of decision making authority. Committed fund balance is reported pursuant to resolution passed by the County Commissioners Court.

Unassigned – includes residual positive fund balance within the General Fund which has not been classified within the other above mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed or assigned for those specific purposes.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed. Furthermore, committed fund balances are reduced first, followed by assigned amounts and then unassigned amounts where expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications can be used.

The County has established a minimum fund balance policy whereby the County's unassigned general fund balance will be maintained at levels sufficient to protect the County's creditworthiness as well as its financial position from unforeseeable emergencies. The County will strive to maintain the unassigned general fund balance at a minimum level of 30% of total general fund budgeted expenditures.

# NOTE 3. ASSETS, LIABILITIES AND NET ASSETS OR FUND BALANCE - CONTINUED

#### NOTE 3. ASSETS, LIABILITIES AND NET ASSETS OR FUND BALANCE – CONTINUED

#### Use of Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual amounts could differ from those estimates.

#### NOTE 4. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### Budgetary Information

In accordance with the Local Government Budget and Fiscal Control Act, the County follows these procedures in establishing the budgetary data reflected in the financial report:

- 1) The Budget Officer submits to the County Commissioners a proposed operating budget for the fiscal year commencing the following October. The operational budget includes proposed expenditures and the means of financing them.
- 2) Public hearings are conducted to obtain taxpayer comments.
- 3) The budget is legally enacted through passage of an ordinance by September 30 each year.

The County Commissioners may amend the budget ordinance at any time after its adoption so long as the amended ordinance continues to meet the requirements of "Local Government Budget and Fiscal Control Act." During the year, several supplementary appropriations to the original budget were necessary. The County's legally adopted budget is at the function level. For internal management purposes, the budgets are detailed by line item and entered into the accounting records. Comparisons of actual expenditures or expenses to budget are made on an ongoing basis. Budgets of the General, Special Revenue, and Debt Service are prepared on an annual basis. Formal budgetary integration is not employed for Capital Projects Funds because budgetary control is achieved through legally binding construction contracts.

#### NOTE 4. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY – CONTINUED

#### Budgetary Information – Continued

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted for the General, Special Revenue (except as noted in the following paragraph) and Debt Service Funds. All annual appropriations lapse at fiscal year-end.

Annually appropriated budgets are not adopted for all Special Revenue Funds. The Appellate Judicial System, Avery Ranch Road District, Child Safety, County and District Court Technology, Count Attorney Asset Forfeitures, County Sheriff, Court Records Preservation, Grants, Guardianship, Justice of the Peace Security, Juvenile Delinquency Prevention, Northeast Road District, Pass-through Funding Program, Record Technology, Southeast Road District, Southwest Road District, WM-City of and Hutto ISD, WM-Community Recreation Facility, WM-Future Environmental Liability, and WM-Master Site Development do not have legally adopted budgets. Accordingly, budget and actual comparisons do not include these funds.

#### **Deficit Unrestricted Net Assets**

A deficit unrestricted net assets of \$49.0 million exists in governmental activities as of September 30, 2011. This deficit is primarily the result of the County issuing bonds to finance the construction of infrastructure contributed to another governmental entity. As of September 30, 2011, the amount of bonds outstanding that were used to finance construction of assets transferred to another governmental entity was \$403.3 million. These bonds will be paid with future property tax revenues restricted for debt service.

#### **Deficit Fund Balance**

The County Radio Communications System (RCS) Special Revenue Fund had a deficit fund balance of \$631 as of September 30, 2011. The County is awaiting reimbursement from other participating entities.

#### NOTE 5. DEPOSITS AND INVESTMENTS

As of September 30, 2011, the County had the following investments:

Investment Type	 Fair Value	Weighted Average Maturity (Days)
Primary government:		
TexPool	\$ 19,148,873	N/A
TexPool Prime	153,350,010	N/A
TexStar	535,225	N/A
FCAR	25,956,926	144
FFCB	8,000,000	644
FHLMC	28,698,310	600
Toyota Mtr Commercial Paper	5,992,554	109
CD Investments	25,782,141	N/A
Money Market	 840,558	N/A
Total fair value	\$ 268,304,597	

The weighted average maturity is not applicable for the County's investment pools as they are 2a7-like pools.

The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports and establishment of appropriate policies. Among other things, it requires the County to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit. Statutes authorize the County to invest in (1) obligations of the U. S. Treasury, certain U. S. agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) Mutual Funds, (8) investment pools, (9) guaranteed investment contracts, and (10) common trust test procedures related to investment practices as provided by the Act. The County is in substantial compliance with the requirements of the Act and with local policies.

The County's investment pools are 2a7-like pools. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission (SEC) as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. The County's investments in these pools is the same as the value of the pool shares, which are valued based on quoted market rates.

#### NOTE 5. DEPOSITS AND INVESTMENTS – CONTINUED

The County invests in Texas Local Government Investment Pool (TexPool), which was created under the Interlocal Cooperation Act, Texas Government Code Ann. Chapter 791 and the Texas Public Funds Investment Act. The Texas Treasury Safekeeping Trust Company (the Trust) is trustee of TexPool and is a limited purpose trust company authorized pursuant to Texas Government Code Ann. Section 404.103 for which the Texas State Comptroller is sole officer, director and shareholder. The advisory board of TexPool is composed of members appointed pursuant to the requirements of the Texas Public Funds Investment Act.

The County also invests in Texas Short Term Asset Reserve Program (TexSTAR) which has been organized in conformity with the Texas Government Code, and the Public Funds Investment Act. J.P. Morgan Investment Management, Inc. (JPMIM) or the (investment manager) and First Southwest Asset Management, Inc. (FSAM) serve as co-administrators for TEXSTAR. JPMIM provides investment management services, and FSAM provides participant services and marketing. Custodial, transfer agency, fund accounting and depository services are provided by JPMorgan Chase Bank, N.A. and/or its subsidiary J.P. Morgan Investor Services Co. The 12 member board of directors for TexStar is comprised of individuals from participating government entities in the pool.

*Interest Rate Risk.* In accordance with its investment policy, the County manages its exposure to declines in fair market values by limiting the average dollar-weighted maturity of its portfolio to a maximum of 365 days.

*Custodial Credit Risk.* In the case of deposits, this is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require that all deposits in financial institutions be fully collateralized by U. S. Government Obligations or its agencies and instrumentalities or direct obligations of Texas or its agencies and instrumentalities that have a fair value of not less than the principal amount of deposits. As of September 30, 2011, the County's balances on deposit with financial institutions were collateralized with securities held by the pledging financial institution in the County's demand deposits was \$48,875,961 and the bank balance was \$47,615,023.

*Credit Risk.* It is the County's policy, as defined in the Texas Public Funds Investment Act, to limit its investments to investment types with an investment quality rating not less than A or its equivalent by a nationally recognized statistical rating organization. The Citigroup Flex repo and the USB/VPB investments are not rated, however, the Citigroup Flex Repo is collateralized by AAA rated U. S. government and agency securities at 103%.

## NOTE 5. DEPOSITS AND INVESTMENTS - CONTINUED

The remainder of the County's investments are rated as follows:

Investment Type	Rating	Rating Agency
TexPool	AAAm	Standard & Poor's
TexPool Prime	AAAm	Standard & Poor's
TexStar	AAAm	Standard & Poor's
FCAR	A - 1+	Standard & Poor's
FFCB	AA+	Standard & Poor's
FHLMC	AA+ - AAA	Standard & Poor's
Toyota Mtr Commercial Paper	A - 1+	Standard & Poor's
Money Market	AA-	Standard & Poor's

#### NOTE 6. RECEIVABLES AND DEFERRED REVENUE

Receivables as of year-end for the County's individual major funds and nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

					Governme	ntal	Funds

## NOTE 6. RECEIVABLES AND DEFERRED REVENUE - CONTINUED

Governmental funds report deferred revenue in connection with receivables for revenue that is not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred revenue and unearned revenue reported in the governmental funds were as follows:

	Unavailable	Unearned		
General Fund Delinquent property taxes receivable Adjudicated fines Emergency medical services Investment in capital lease Other Total General Fund	\$ 1,335,279 1,097,100 1,702,468 1,209,909 - 5,344,756	\$- - - - 176,309 176,309

# NOTE 7. CAPITAL ASSETS – CONTINUED

Depreciation expense was charged to functions/programs of the County as follows:

Governmental activities:	
General government	\$ 1,496,448
Public safety	5,228,461
Transportation support	8,736,969
Judicial	816,620
Community services	1,389,779
Capital assets held by the County's	
internal service funds are charged to	
the various functions based on their	
usage of the assets	 18,019
Total depreciation expense -	
governmental activities	\$ 17,686,296

#### **Construction Commitments**

The County has active construction projects as of September 30, 2011. The projects include road construction, parks and park improvements, as well as facilities construction. As of September 30, 2011, the County's commitments with contractors were as follows:

Project	Spent-to-date	Remaining Commitment		
Road construction, parks and park improvements, facilities construction	\$ 916,799,506	\$ 62,166,098		

# NOTE 8. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund transfers for the year ended September 30, 2011 is as follows:

	Transfers In									
		General	Debt Service			Capital rojects	Internal Service		Other Governmental Funds	Total
Transfers Out:										
General fund	\$	-	\$	-	\$	88,287	\$	858,727	\$ 4,918,690	\$ 5,865,704
Debt service fund		-		-		-		-	-	-
Capital project fund		-		-		-		-	-	-
Special road and										
bridge		-		-	3	,847,966		-	-	3,847,966
Pass-through										
toll fund		-		78,000		-		-	-	78,000
Other governmental										
funds		192,828		-		-		-	139,453	 332,281
Total Transfers										
Out	\$	192,828	\$	78,000	\$3	,936,253	\$	858,727	\$ 5,058,143	\$ 10,123,951

Transfers are used to: (I) move revenues from the fund required by statute or budget to collect them to the fund required by statute or budget to expend them; and (2) fund the County's match portion for grants.

#### NOTE 9. INVESTMENT IN LEASES

The County has a 30-year agreement to lease a building to the Children's Advocacy Center. For accounting purposes, the County has classified the lease as a direct financing lease. At September 30, 2011, the future minimum lease payments to be received under the lease are as follows:

Year Ending			
September 30,	Payment		
2012	\$	24,000	
2013		24,000	
2014		24,000	
2015		24,000	
2016		24,000	
2017-2021		120,000	
2022-2026		120,000	
2027-2031		120,000	
2032-2036		120,000	
2037-2038		44,000	
Total minimum lease payments receivable		644,000	
Less: unearned income		(470,167)	
Estimated unguaranteed residual value		812,263	
Net investment in capital lease	\$	986,096	

The County has agreements to lease radio equipment to other governments. For accounting purposes, the County has classified the lease as a direct financing lease. At September 30, 2011, the future minimum lease payments to be received under the lease are as follows:

Year Ending				
September 30,	P	Payment		
2012	\$	97,538		
2013		73,921		
2014		37,360		
2015		19,958		
2016		3,144		
2017-2018		5,240		
Total minimum lease payments receivable		237,161		
Less: unearned income		(13,348)		
Net investment in capital lease	\$	223,813		

#### NOTE 10. LONG-TERM LIABILITIES

The following is a summary of the long-term liability transactions of the County, including blended component units, for the year ended September 30, 2011:

	Balance September 30, 2010	Additions		Retirements		Balance September 30, 2011		Amounts Due Within One Year	
Governmental activities									
Bonds payable	\$ 767,399,942	\$	89,790,000	\$	36,480,000	\$	820,709,942	\$	26,145,000
Accumulated accretion									
of interest	6,427,211		296,796		-		6,724,007		-
Deferred amounts:									
For issuance premium	27,563,868		1,981,596		1,856,948		27,688,516		1,775,140
For issuance discount	(819,958)		(294,217)		(56,597)		(1,057,578)		(56,597)
For loss on refunding	(13,862,479)		(1,170,896)		(1,646,577)		(13,386,798)		(1,646,577)
Total bonds payable	786,708,584		90,603,279		36,633,774		840,678,089		26,216,966
Tax anticipation notes	7,355,000		-		1,370,000		5,985,000		1,420,000
Capital lease	440,332		-		171,563		268,769		177,621
Arbitrage rebate	11,651		-		11,651		-		-
Net OPEB obligation	10,967,452		7,226,518		872,520		17,321,450		-
Compensated absences	4,518,848		6,259,308		6,133,186		4,644,970		4,644,970
Total governmental									
activities	\$ 810,001,867	\$	104,089,105	\$	45,192,694	\$	868,898,278	\$	32,459,557

The compensated absences liability will be liquidated primarily by the General Fund and the Special Road and Bridge Fund.

Per Williamson County policy, sick leave is not paid out upon termination and is not included in the compensated absences calculation. Compensated absences includes accrued vacation, holiday and comp time that will be paid within the following year. It is expected that the entire amount will be expended during the following year.

Approximately \$417.4 million of the County's bonds outstanding as of September 30, 2011, were issued to construct or acquire capital assets for the County. The remainder of the outstanding bonds are used for construction of County infrastructure that is not a County owned asset, and therefore is not capital related, but benefits County citizens.

### NOTE 10. LONG-TERM LIABILITIES – CONTINUED

#### Bonds

Long-term debt of the County consists of various issues of General Obligation Bonds and Certificates of Obligation. General Obligation Bonds require voter approval at a public election before issuance, while Certificates of Obligation are issued upon the vote of the Commissioner's Court. Both types are backed by the full faith and credit of the County. Debt service is primarily paid from ad valorem taxes with the exception of the Pass Through Toll Revenue and Limited Tax Certificates of Obligation which are payable from pass-through toll revenue from TXDOT.

#### Refunding Bonds (from table)

In April 2004, Unlimited Tax Road and Refunding Bonds, Series 2004 in the amount of \$82,535,000 were issued. \$11,875,000 of these bonds was used to provide resources to purchase U. S. Government Securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$12,500,000 of Unlimited Tax Road Bonds, Series 1997. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net assets.

Also in April 2004, Limited Tax Refunding Bonds, Series 2004A in the amount of \$62,110,000 were issued. These bonds were used to provide resources to purchase U.S. Government Securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$60,600,000 of certificates of obligation. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net assets.

#### NOTE 10. LONG-TERM LIABILITIES – CONTINUED

#### Refunding Bonds (from table) – Continued

Unlimited Tax Refunding Bonds, Series 2005 in the amount of \$83,590,000 were issued in April of 2005. These bonds were used to provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$90,928,483 of unlimited bonds. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net assets. The reacquisition price exceeded the net carrying amount of the old debt by \$6,568,483. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is shorter than the life of the new debt issued. This advance refunding was undertaken to decrease total debt service payments over the next 23 years by \$4,337,171 and resulted in an economic gain of \$3,442,608.

In November of 2006, Unlimited Tax Refunding Bonds, Series 2006 in the amount of \$91,364,941 were issued. These bonds were used to provide resources to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$95,232,230 of unlimited tax road bonds. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net assets. The reacquisition price exceeded the net carrying amount of the old debt by \$3,867,231. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is shorter than the life of the new debt issued. This advance refunding was undertaken to decrease total debt service payments over the next 21 years by \$5,097,526 and resulted in an economic gain of \$3,603,395.

Also in November of 2006, Limited Tax Refunding Bonds, Series 2006 in the amount of \$16,946,000 were issued. These bonds were used to purchase U. S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$16,594,545 of general obligation bonds. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net assets. The reacquisition price exceeded the net carrying amount of the old debt by \$759,544. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is shorter than the life of the new debt issued. This advance refunding was undertaken to decrease total debt service payments over the next 13 years by \$687,988, and resulted in an economic gain of \$752,225.

### NOTE 10. LONG-TERM LIABILITIES – CONTINUED

#### Refunding Bonds (from table) – Continued

In November of 2010, Limited Tax Refunding Bonds, Series 2010 in the amount of \$12,930,000 were issued. These bonds were used to purchase U. S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$12,235,000 of certain Series 2001 tax road bonds, Series 2002A general obligation bonds, and Series 2006 Pass-through toll and limited tax bonds. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net assets. The reacquisition price exceeded the net carrying amount of the old debt by \$1,170,896. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is shorter than the life of the new debt issued. This advance refunding was undertaken to decrease total debt service payments over the next 15 years by \$685,563, and resulted in an economic gain of \$634,140.

In the current and prior years, the County defeased certain bonds by placing the proceeds of new bonds in an irrevocable trust to provide future debt service payments on the old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the County's financial statements. On September 30, 2011, \$151,010,000 of bonds considered defeased are still outstanding.

Issue			Original	Interest Rate /

#### Blended Component Unit

The bonds listed above were issued by Avery Ranch Road District, a blended component unit of Williamson County. The bonds constitute direct obligations of the Avery Ranch Road District payable from ad valorem taxes levied upon all taxable property located within the Road District.

#### NOTE 10. LONG-TERM LIABILITIES – CONTINUED

#### Refunding Bonds (Blended Component Unit)

Unlimited Tax Refunding Bonds, Series 2007 in the amount of \$3,535,000 were issued by the Avery Ranch Road District. These bonds were used to purchase U.S. Government State and Local Government Series Securities that were placed in an irrevocable trust for the purpose of generating resources for all future debt service payments of \$3,534,378 of general obligation bonds. As a result, the refunded bonds are considered to be defeased and the liability has been removed from the governmental activities column of the statement of net assets. The reacquisition price exceeded the net carrying amount of the old debt by \$352,490. This amount is being netted against the new debt and amortized over the remaining life of the refunded debt, which is shorter than the life of the new debt issued.

This advance refunding was undertaken to decrease the total debt service payments over the next 9 years by \$157,216, and resulted in an economic gain of \$115,294. The bonds constitute direct obligations of the Avery Ranch Road District payable from ad valorem taxes levied upon all taxable property located within the Road District. On September 31, 2011, \$3,125,000 of bonds considered defeased are still outstanding.

2032 - 2037	64,820,000	5,835,335	70,655,335
Total	\$ 836,685,000	\$ 433,069,825	\$ 1,269,754,825

The debt service requirements to maturity on all bonds and tax anticipation notes are:

#### NOTE 10. LONG-TERM LIABILITIES – CONTINUED

#### **Capital Lease**

In November 2007, the County entered into a lease agreement, as lessee, for financing the acquisition of digital radios. This lease agreement qualifies as a capital lease for accounting purposes; however, the individual digital radios did not exceed the County's capitalization threshold and are not reported as a capital asset in the government-wide financial statements.

The following is a schedule of the future minimum lease payments under these agreements, and the present value of the net minimum lease payments at September 30:

Year Ending September 30,	
2012	\$ 185,486
2013	 92,743
	278,229
Less interest portion	 9,460
Obligations under capital lease	\$ 268,769

### NOTE 11. RETIREMENT PLAN

#### Plan Description

Williamson County, Texas, provides retirement, disability, and death benefits for all of its fulltime employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of 586 nontraditional defined benefit pension plans. TCDRS, in the aggregate, issues a comprehensive annual financial report (CAFR) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P. O. Box 2034, Austin, Texas 78768-2034.

### NOTE 11. RETIREMENT PLAN – CONTINUED

#### Plan Description – Continued

The plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after 8 years of service, but must leave their accumulated deposits in the plan to receive any employer-financed benefit. Members who withdraw their personal deposits in a lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated deposits and the employer financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

### Funding Policy

The employer has elected the annually determined contribution rate (variable-rate) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually.

The employer contributed using the actuarially determined rate of 11.40% for the months of the accounting year in 2010, and 11.59% for the months of the accounting year in 2011.

The deposit rate payable by the employee members for calendar year 2011 is the rate of 7.0%, as adopted by the governing body of the employer.

The annual required contributions were actuarially determined as a percent of the covered payroll of the participating employees, and were in compliance with the GASB Statement No. 27 parameters based on the actuarial valuations as of December 31, 2009 and December 31, 2010, the basis for determining the contribution rates for calendar years 2010 and 2011. The December 31, 2010, actuarial valuation is the most recent valuation.

### NOTE 12. POSTEMPLOYMENT HEALTH CARE

*Plan Description and Funding Policy.* In addition to the pension benefits described above, the Commissioners' Court established a medical insurance benefit plan for retirees. The County administers this single-employer defined benefit medical plan (the Retiree Medical Plan). The Retiree Medical Plan does not issue a publicly available financial report. Eligible retirees will be provided medical insurance benefits at a set premium rate equal to the County employees' rate. Dental insurance benefits for retirees have a set premium rate that closely approximates the County employees' rate. Eligible retirees may also cover their eligible dependents. Retirees are responsible for paying the premiums. A retiree is defined as someone who is receiving lifetime monthly Texas County and District retirement pension benefit payments and who retired directly from active employment with Williamson County. The County will stop insurance coverage on the retiree and dependent on the last day of the month when one of the following occurs:

- 1. The retiree reaches age 65; or
- 2. The retiree fails to submit the required set premium rate.

Effective May 24, 2005, the County grandfathered current retirees with dependents over age 65 so that their dependents are covered until the retiree reaches age 65 (or 70 for those previously grandfathered retirees who retired prior to May 1, 1994). Other current retirees and any future retirees with dependents under age 65 will lose dependent coverage when the dependent reaches age 65. Retirees will continue to have individual coverage until they reach the age of 65.

#### NOTE 12. POSTEMPLOYMENT HEALTH CARE – CONTINUED

Annual OPEB Cost and Net OPEB Obligation. The County's annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a closed period not to exceed 28 years. The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the County's OPEB obligation to the postemployment medical plan.

Fiscal Year	2009	 2010	_	2011
Annual Required Contribution (ARC)	\$ 6,018,963	\$ 6,211,570	\$	7,446,009
Interest on Net OPEB Obligation	-	217,088		438,698
Adjustment to the ARC	 -	 (241,417)		(658,189)
Annual OPEB Cost	6,018,963	6,187,241		7,226,518
Contributions Made	 (591,759)	 (646,993)		(872,520)
Increase in Net OPEB Obligation	5,427,204	5,540,248		6,353,998
Net OPEB Obligation, beginning of year	 -	 5,427,204		10,967,452
Net OPEB Obligation, end of year	\$ 5,427,204	\$ 10,967,452	\$	17,321,450

	A		A	Percentage of	
Fiscal Year	Annual		Actual	Annual OPEB	Net OPEB
Ended	 OPEB Cost	Contr	ibution Made	Cost Contributed	 Obligation
9/30/2009	\$ 6,018,963	\$	591,759	9.8%	\$ 5,427,204

9/30/2011	7,226,518		872,520	12.1%	17,321,450

*Funded Status and Funding Progress.* The funding status of the post employment medical plan as of the most recent actuarial valuation date is as follows:

Actuarial Valuation Date	Actuarial Value of Assets (a)	Actuarial Accrued Liability (AAL) (b)	Unfunded AAL (UAAL) (b-a)	Funded Ratio (a/b)	Covered Payroll (c)	UAAL as a Percentage of Covered Payroll ((b-a)/c)
10/1/2008	\$ -	\$ 36,522,500	\$ 36,522,500	0.00%	\$ 69,690,520	52.41%
10/1/2009	-	36,522,500	36,522,500	0.00%	69,690,520	52.41%
10/1/2010	-	47,659,778	47,659,778	0.00%	n/a	n/a

### NOTE 12. POSTEMPLOYMENT HEALTH CARE – CONTINUED

Actuarial valuations of an ongoing plan involve estimates of the value reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. A schedule of funding progress presents multi-trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits. The County's schedule of funding progress appears on the previous page.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the October 1, 2010 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 4.0% investment rate of return compounded annually (net of administrative expenses), which is a blended rate of the expected long-term investment returns on plan assets and on the employer's own investments calculated based on the funded level of the plan at the valuation date, an annual health care cost trend rate of 8.3% in the first year, 7.8% in the second year, 7.0% in the third year, 6.3% in the fourth year, and ultimately grade down to 4.7% per year after the 72<sup>nd</sup> year. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The UAAL is being amortized as a level dollar over a closed 28-year period.

### NOTE 13. EMPLOYEE BENEFITS PLAN

The County provides group medical benefits to its employees on a self-funded basis. Stop-loss coverage is provided by an insurance company and an independent company serves as Claim Administrator.

All full-time County employees (regularly scheduled to work at least 30 hours per week) are eligible for coverage under the Plan. Employees can enroll for personal coverage and dependent coverage.

### NOTE 13. EMPLOYEE BENEFITS PLAN - CONTINUED

A reconciliation of claims liabilities is shown below.

	2011	2010	
Claims liabilities at October 1	\$ 993,503	\$ 1,024,455	
Incurred claims	13,698,559	14,012,020	
Payments on claims	(14,043,524)	(14,042,972)	
Claims liabilities at September 30	\$ 648,538	\$ 993,503	

All claim liabilities are due within one year.

#### NOTE 14. RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters. The County provides for the management of risks through a combination of self-insurance and traditional insurance. The amount of settlements has not exceeded insurance coverage for each of the past three fiscal years.

### NOTE 15. COMMITMENTS AND CONTINGENCIES

The County is the defendant in a number of lawsuits arising principally in the normal course of operations. In the opinion of management, the outcome of these lawsuits will not have a material adverse effect on the accompanying combined financial statements, and accordingly, no provision for losses has been recorded.

The County participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the County has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at September 30, 2011, may be impaired. In the opinion of the County, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

#### NOTE 16. SUBSEQUENT EVENTS

In October 2011, the Commissioner's Court approved the issuance of \$10,000,000 of Pass-Through Toll Revenue and Limited Tax Bonds. The purpose of the issuance is to provide funding for the construction of roads under the Pass-Through Toll Agreement between TXDOT and the County. The bonds were sold in November 2011 with interest at rates ranging from 2% to 4% payable at February 15 and August 15 of each year.

In November 2011, Limited Tax Refunding Bonds in the amount of \$36,565,000 were issued. The purpose was for the advance refunding of a portion of existing debt of the County and for paying costs of issuing the 2011 Limited Tax Refunding Bonds. The bonds constitute direct obligation of the County payable from ad valorem taxes levied upon all taxable property located within the County. Interest rates ranging from 3% to 5% are payable at February 15 and August 15 of each year. The refunding produced a net present value savings of \$2,417,237. In addition, it lowered the debt service payments \$2,670,494 over the next 18 years.

In March 2012, Limited Tax Refunding Bonds in the amount of \$140,640,000 were issued. The purpose was for the advance refunding of a portion of existing debt of the County and for paying costs of issuing the 2012 Limited Tax Refunding Bonds. The bonds constitute direct obligation of the County payable from ad valorem taxes levied upon all taxable property located within the County. Interest rates ranging from 3% to 5% are payable at February 15 and August 15 of each year. The refunding produced a net present value savings of \$10,699,260. In addition, it lowered the debt service payments \$13,852,773 over the next 21 years.

In March 2012, the Avery Ranch Road District issued \$7,475,000 of Series 2012 Unlimited Tax Refunding Bonds. The bonds constitute a direct obligation of the district payable from ad valorem taxes levied upon all taxable property within the district. The bonds have interest rates ranging from 2% to 4% payable at February 15 and August 15 of each year. The refunding produced net present value savings of \$791,445. In addition, it lowered the debt service payments \$966,820 over the next 14 years.

### NONMAJOR SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of specified revenue sources or to finance specified activities as required by law or administrative regulation.

The following comprise the County's nonmajor Special Revenue Funds:

<u>Alternate Dispute Resolution</u> – This fund was set up to aid in a week long mass mediation session held annually to clear open cases and finalize documentation in question. The monies are spent on advertisement and preparation necessary to acquire attention and attendance.

<u>Appellate Judicial Fund</u> – Each county in the Third Court of Appeals is required to establish an Appellate Judicial Fund to assist the court of appeals in the processing of appeals and to defray costs incurred by the County. Fees are assessed for court cases filed in a County court, County court at law, probate court and district courts.

<u>Avery Ranch Road District</u> – This fund is used to account for the issuance of unlimited tax bonds for the purpose of reimbursing the developer for the construction costs of developing roads within the District. Also, receipts of assessed taxes are accounted for in this fund to pay bonds issued by the District.

<u>Child Safety</u> – This fund is used to account for \$1.50 tax collected during the vehicle registration process. These funds are also collected by justice, county, or district courts for violations that occur within a school crossing zone up to \$25 per violation. This fund is used to provide a school crossing guard program and/or programs designed to enhance child safety, health or nutrition.

<u>**Conservation Foundation**</u> – This fund is used to account for the financial resources and uses of a blended component unit. The component unit was established to provide for the conservation of endangered species in the Williamson County area.

<u>County and District Court Technology</u> – This fund accounts for money charged to a defendant convicted of a criminal offense in a County or District Court. It is designated for the purpose of financing the purchase of technological enhancements for the court in which it has been collected.

<u>County Attorney Asset Forfeitures</u> – This fund is used to account for monies received from Federal and State court cases dealing with illegal activities. Money is distributed to entities involved in the resolution of the case and used for the official purposes of the County Attorney's office.

<u>County Attorney Hot Check</u> – This fund is used to account for monies received from fees collected on the payment of hot checks. Expenditures are made for the improvement of the operation of the County Attorney's office and Hot Check collections.

<u>**County Sheriff**</u> – This fund is used to account for jail inmates' purchase of food and toiletry items or other supplies. Expenditures are for the purchase of these items. Any revenue generated may be used for the benefit of the inmate.

<u>**County Sheriff Asset Forfeitures**</u> – This fund is used to account for monies received from Federal and State court cases dealing with illegal drug violations. Money is distributed to entities involved in the resolution of the drug case and use for education or equipment needed to enhance law enforcement activities.

<u>County Radio Communications Systems (RCS)</u> – This fund is used to account for money collected from governmental entities utilizing the countywide radio communications system. The funds are used for operations and maintenance of the system.

<u>**Court Records Preservation**</u> – This fund is used to account for monies collected from fees charged by the County and District Clerks. They are used only to digitize court records and preserve the records from natural disasters.

<u>Court Reporter</u> – The clerk of each court that has an official court reporter shall collect a court reporter service fee of \$15 as a court cost in each civil case filed with the clerk to maintain a court reporter who is available for assignment in the court.

<u>Courthouse Security</u> – This fund is used to collect court costs of defendants convicted of felony and misdemeanor offenses. The clerks collect the costs and pay them to the County treasurer where it is designated for security purposes such as, metal detectors, identification cards, and surveillance cameras.

<u>**District Attorney Asset Forfeitures**</u> – This fund is used to account for monies received from Federal and State court cases dealing with illegal drug violations. Money is distributed to entities involved in the resolution of the drug case and used for education or equipment needed to enhance law enforcement activities.

**<u>District Attorney Welfare Fraud</u>** – This fund is used to account for monies received from fees collected from the Health and Human Services Commission for prosecuting welfare fraud cases. Expenditures are made for the prosecution of welfare fraud cases.

**Drug Court** – Counties with a population of 200,000 or more are mandated to create a Drug Court Program. The fund was created for the collection of the court costs of a conviction for certain intoxication and drug related offenses. The fund retains 50% of the total fee to be used exclusively to develop and maintain drug court programs. A service fee of 10% is revenue deposited into the General Fund. The remaining 40% of the total fee is sent to the state.

<u>Election Chapter 19</u> – The state allocates funding based on the number of new, canceled and updated voter registrations processed in the preceding calendar year. These funds are only to be used for any activities designed to enhance the voter registration process.

<u>Election HAVA</u> – The fund was created to account for the rental fees collected from the use of voter equipment purchased with funds from the HAVA grant. The use of these fee revenues includes but is not limited to the maintenance, license fees and upgrades for the voting equipment as well as new equipment, training, storage and other costs associated with the operation and maintenance of the voting systems.

<u>Election Services Contract</u> – This fund is used to support and contain costs generated from an election. Contracts between political parties and other entities are handled through the court and paid by the contracting party for administering election services.

<u>**Grants</u>** – This fund is used to account for federal and state monies provided for the enhancement of programs not fully funded by the County.</u>

<u>**Guardianship**</u> – This fund is used to account for the collection of a \$20.00 "supplemental court-initiated guardianship fee" required by the State of Texas for support of judiciary guardianship initiated under Section 683 of the Texas Probate Code. The fees are to be used to supplement, not supplant, the compensation of a court-appointed guardian ad litem or attorney ad litem and to fund local guardianship programs for indigent, incapacitated persons who do not have a family member suitable and willing to serve in that capacity.

<u>Justice Court Technology</u> – This fund accounts for money charged to a defendant convicted of a misdemeanor in a justice court. It is designated for the purpose of financing the purchase of technological enhancements for a justice court.

<u>Justice of the Peace Security</u> – This fund is used to collect court costs of defendants convicted of misdemeanor offenses. The clerks collect the costs and deposit them with the County Treasurer where it is designated for security purposes, such as metal detectors, identification cards, and surveillance cameras for justice courts not housed in the County courthouse.

<u>Juvenile Delinquency Prevention</u> – This fund is used to repair damage and reward the public for identifying and aiding in the apprehension of offenders who vandalize public and personal property. Funds are also used for recognition and recreation programs for teens; local teen court programs; local juvenile probation department and educational and intervention programs to prevent juveniles from engaging in delinquent conduct.

<u>Juvenile Justice Alternative Education Program (JJAEP) Tier II</u> – The Texas Probation Commission provides funding for costs that are reasonable, necessary and directly related to the creation and ongoing operation of a JJAEP to include the purchase of equipment, renovations or construction. This program is designed to provide an educational setting for students that have been expelled from the public schools. The goal of the program is to reduce delinquency, increase offender accountability and rehabilitate offenders through a comprehensive, coordinated community-based juvenile probation system.

<u>Law Library</u> – Monies collected through civil cases filed in the County or district court are accounted for through this fund. Monies collected are used to support the management and expenditures necessary to maintain law libraries throughout the County.

<u>Medicaid Supplemental Payments</u> – This fund was established as a result of the Williamson County indigent Care Affiliation Agreement entered into between Williamson County, Round Rock Medical Center, and Seton Medical Center Williamson in August 2010. As part of the collaboration established between the hospitals and the County, the County has chosen to use a portion of its annual ad valorem tax revenues to fund Medicaid services provided to Williamson County residents by these hospitals.

Revenues to this fund will be spent to pay for Medicaid services provided by Round Rock Medical Center and Seton Medical Center Williamson by funding Medicaid supplemental payments to the hospitals through intergovernmental transfers of funding to the state.

<u>Northeast Road District</u> – The purpose of this fund was to account for the issuance of tax bonds to improve and develop roads within the District. Now that all debt has been repaid, the funds can be spent at the discretion of the Commissioners' Court.

**<u>Probate Court</u>** – This fund accounts for fees from all probate court cases filed and used for training for County Courts at Law personnel in the area of probate court cases.

<u>**Records Archive**</u> – This fund was established specifically to support the preservation and restoration services performed by the County Clerk in connection with maintaining archived records. These monies support and will be dedicated to assisting County Clerks with maintaining public documents filed before January 1, 1990.

<u>**Records Management**</u> – This fund is used to account for monies collected from fees charged by the County and District Clerk. These funds are used Countywide for records management, records management training and for the disposal of large quantities of outdated documents.

**<u>Records Management and Preservation</u>** – This fund is compiled of the fees for records management and preservation services performed by the County Clerk and District Clerk. All records are documented, filed and must be paid for at the time the document is filed. This fee may be used for specific records preservation and automation projects.

<u>**Records Technology**</u> – This fund accounts for money charged when filing suit in a district court. It is designated for the purpose of preservation and restoration services performed in connection with maintaining a district court records archive.

**<u>Regional Animal Shelter (WCRAS)</u>** – This fund accounts for the County's percentage share of revenues collected as adoption fees, surrender fees, etc. at the WCRAS. Expenditures are made for the day-to-day operations of the facility. The other regional participants in the shelter share proportionately in the operations cost.

<u>Southeast Road District</u> – The purpose of this fund was to account for the issuance of tax bonds to improve and develop roads within the District. Now that all debt has been repaid, the funds can be spent at the discretion of the Commissioners' Court.

<u>Southwest Road District</u> – The purpose of this fund was to account for the issuance of tax bonds to improve and develop roads within the District. Now that all debt has been repaid, the funds can be spent at the discretion of the Commissioners' Court.

<u>**Tobacco**</u> – Monies received by the County from the state as pro rata distributions from the lump sum payment made by tobacco companies are accounted for through this fund. The money collected from the state is to be spent on health-related issues.

<u>**Truancy Program</u>** – This fund is used to account for the collection of a \$5.00 court cost fee allowed by the State of Texas and ordered by the Williamson County Commissioners' Court to finance the salary and benefits of a juvenile case manager helping to administer the Truancy Program for Williamson County Precinct One. The program has been established through cooperation with local governments, school districts and agencies to assist with local truancy cases.</u>

<u>WM – City of Hutto and Hutto ISD</u> – Monies received from the Contractor of the Williamson County Landfill to be expended for the benefit of the City of Hutto and Hutto ISD. Contractor pays 2% of the total Tip Fees collected.

<u>WM – Community Recreational Facility</u> – Monies received from the Contractor of the Williamson County Landfill to pay for recreational facility use within Williamson County. Contractor pays 1% of the total Tip Fees collected.

<u>WM – Future Environmental Liability</u> – Monies received from the Contractor of the Williamson County Landfill to pay for any environmental liability related to the Landfill beyond those costs covered by closure and post-closure trust funds. Contractor pays 2% of the total Tip Fees collected.

<u>WM – Master Site Development</u> – Monies received from the Contractor of the Williamson County Landfill to pay for site development of the facility. Contractor pays 1% of the total Tip Fees collected.

#### FIDUCIARY FUNDS

#### Agency Funds

Agency Funds serve primarily as clearing mechanisms for cash resources which are collected by a governmental unit, held as such for a brief period, and then distributed to authorized recipients.

The following comprise the County's Agency Funds:

- CCA-ICE Billing
- Child Fatality Review Team
- County Attorney Hot Check Restitution
- County Clerk Trust
- District Attorney
- District Clerk Trust
- Historical Commission
- Inmate Trust
- Justice of the Peace Bond
- Juvenile Probation
- Outreach Program
- Sheriff Special Cash Bond
- Tax Assessor Collector

#### Source: Williamson County Appraisal District

Note: Property is required to be reappraised at least once every three years according to Texas Tax Code Section 26.18(b).

N/A Not Available

- (a) Property is assessed at actual value; therefore, the assessed values are equal to actual value.
- (b) Tax rates are per \$100 of assessed value.
- (c) The assessed values represent the Appraisal Review Board's approved totals from the last supplement as of the respective fiscal year-end.

Texas Tax Code Section 26.07(a)

If the governing body of a taxing unit other than a school district adopts a tax rate that exceeds the rollback tax rate calculated, the qualified voters of the taxing unit by petition may require that an election be held to determine whether or not to reduce the tax rate adopted for the current year to the rollback tax rate calculated.

#### Notes:

This schedule includes Avery Ranch Road District (blended component unit).

Texas Constitution Art. 3 Section 52(B)

Under Legislative provision, any county, any political subdivision of a county, any number of adjoining counties, or any political subdivision of the state, or any defined district now or hereafter to be described and defined within the State of Texas, and which may or may not include towns, villages, or municipal corporations, upon a vote of two-thirds majority of the resident property taxpayers voting thereon who are qualified electors of such district or territory to be affected thereby, in addition to all other debts, can issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory, except that the total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this Constitution, and levy and collect taxes to pay the interest thereon and provide a sinking fund for the redemption thereof.

# WILLIAMSON COUNTY, TEXAS

#### **MISCELLANEOUS INFORMATION**

#### Organized in 1848

Form of Government: A political subdivision of the State of Texas

**Area<sup>1</sup>:** 1,136 square miles (1,124 sq. miles/land; 12 sq. miles/water)

**Population**: 426,645 according to US Census 2011 estimate

#### Quality of Life:

**Health Ranking:** The County Health Rankings, released in February 2010 by the University of Wisconsin's Population Health Institute and the Robert Wood Johnson Foundation, ranked Williamson County first among Texas Counties in the health outcomes category (how healthy people are and how long they live) and fourth overall in health factors (how healthy they can be) with regards to key factors that affect health such as smoking, obesity, binge drinking, access to primary care providers, rates of high school graduation, rates of violent crime, air pollution levels, access to healthy foods, unemployment rates and number of children living in poverty.

#### **Recreation:**

Athletics: Round Rock Express (AAA Minor League Baseball team), Cedar Park Center (Texas Stars AHL hockey team), community athletic leagues including softball, tennis, kickball, baseball, basketball, and aquatics; recreational/fitness centers; golf courses; and numerous running and cycling activities, both competitive and recreational, hosted by Williamson County cities.

#### Parks

& Outdoors: Fishing, camping, water sports and wading on Lake Georgetown and Lake Granger; five county parks and numerous city parks (including 15.27 miles of hiking, biking, and running trails; sport fields, disc golf course, playgrounds); hunting on lands near Lake Granger; Cedar Rock Railroad miniature train in the Southwest Regional Park.

### Family &

**Educational:** Williamson County Historic Courthouse tours conducted by the Williamson Museum in Georgetown. Other museums include the Dan Moody Museum in Taylor and Palm House Museum in Round Rock. Family fun is available on the Hill Country Flyer steam train in Cedar Park and Inner Space Caverns in Georgetown.

#### Community

**Events:** Williamson County Sheriff Posse Rodeo, Georgetown Red Poppy Festival, Round Rock Daffodil Days, Cedar Park's 4<sup>th</sup> of July Celebration at Milburn Park, Taylor International Barbecue Cook-off, and other annual community festivals.

### Economic Resources<sup>2</sup>:

- **Business:** High-tech industries, agricultural and agribusiness, manufacturing and assembly, construction, real estate, government and educational sectors are significant economic contributors. Williamson County is a member of the Austin MSA, one of the fastest growing areas in the country. The booming population paired with abundant available resources allows a range of business endeavors to flourish.
- Minerals: Building stone, sand, gravel and oil
- <u>Agriculture</u><sup>3</sup>: The area consists primarily of rolling prairie, however mixed hardwood timber and brush is prevalent in many areas. The major field crops of the area are corn, cotton, and grain sorghum.

In 2011, Williamson County had 73,000 acres of corn which averaged 20 bu/ac, 22,000 acres of grain sorghum which averaged 35 bu/ac, 26,000 acres of cotton which averaged 153 lbs/ac, 16,000 acres of wheat which averaged 28 bu/ac, 200 acres of oats which averaged 25 bu/ac, and 150,000 acres of native grassland. Livestock include cattle, horses and goats. There are approximately 50,000 acres in deer leases.

The drought had a significant effect on the yields and acres that were harvested. Numerous farmers either didn't get their crop planted or had to shred it due to no production.

#### WILLIAMSON COUNTY, TEXAS GOVERNMENT OFFICE INFORMATION

The government of Williamson County, Texas is subdivided into several different offices; each with its own legally constituted duties as prescribed by the constitution and/or legislative act. The heads of some offices are elected officials; others are appointed by the Commissioners' Court or the District Judges of Williamson County as provided by law.

### **Constitutional Offices**

Williamson County is a political body. The general governing body of the County is the Commissioners' Court, which has none of the functions of a court, but has powers and duties clearly set forth and defined in the constitution and statutes. The Commissioners' Court is comprised of four commissioners, each of whom is elected by the qualified voters of one of four precincts in the County, and a County Judge, who is elected Countywide as presiding officer. Commissioners' Court was created to carry out a policy common to the whole state, whereas, it was not mainly created to advance the interest of the particular locality in which it is located. The election of the various County officials ensures, in most instances, the application of state laws and regulations, in the light of local conditions and statutes, and to establish a courthouse and jail, appoint numerous officials, fill vacancies in certain County offices, let contracts in the name of the County, build roads and bridges, administer the County's public welfare services, perform numerous duties in regard to elections, set the County tax rate, issue bonds and adopt the County budget.

### District Courts

There are five District Courts in Williamson County, each of which is a court of general jurisdiction and may try both civil and criminal cases. The judge of each of the respective courts is elected Countywide. The District Courts have original jurisdiction in all criminal cases of the grade of felony, all suits on behalf of the state to recover penalties, forfeitures and escheat. The District Courts preside over all cases of divorce, misdemeanors involving official misconduct, suits to recover damages, slander or defamation of character, suits for title of land and for enforcement of liens thereon, suits for the right of property levied upon by virtue of any writ of execution, sequestration, or attachment when the property levied on is valued at an amount of \$500 (exclusive of interest) and all suits concerning contested elections.

These courts and the judges thereof have power to issue writs of habeas corpus, mandamus, injunction, certiorari and all writs necessary to enforce their jurisdictions. The District Courts also have appellate jurisdiction and general supervisory control over the County Commissioners' Court. They have general original jurisdiction over all causes of action which a remedy or jurisdiction is not provided by law or the Constitution. The District Court, concurrently with County Court, has the general jurisdiction of a probate court and may do all things associated with the duties of a probate court enumerated under County Court. In addition, the District Courts share concurrent jurisdiction with the County Courts at Law when the matter in controversy exceeds \$500, but is less than \$10,000. Along with these constitutional and statutory responsibilities, the District Judges have the statutory responsibility of appointing the County Auditor and Court Reporters for each of the respective District Courts. The District Judges, along with the County Court-at-Law Judges, appoint the Community Supervision and Corrections Department Director. The County Juvenile Board, which is comprised of the District Judges and the County Judge, appoints the Chief Juvenile Probation Officer.

# **Constables**

In general, the duties of the Constable are to perform a service or act, execute and return, as provided by law, all civil and criminal processes, writs, citations, subpoenas, summons, warrants, and precepts, directed and delivered by a lawful official, anywhere in the constable's County, or in a County contiguous to the constable's County, and in other locations as provided by law. The Constable may seize and sell real estate and personal property upon order of the court, take eviction action and attend justice court proceedings. The Constable may enforce all state laws and arrest offenders with or without warrant for felonies or misdemeanor offenses committed against the peace and dignity of the state.

### County Attorney

The Countywide electorate elects the County Attorney. Duties include representation of the State of Texas in all criminal proceedings under investigation or pending before the County Courts at Law and Justice Courts of the County, examination and prosecution of all cases pending before the Juvenile Courts, and representation of the State in all cases appealed to or from any of these courts. The County Attorney also processes felony and misdemeanor hot checks, obtains protective orders for victims of domestic violence, represents the Department of Protective and Regulatory Services in cases involving abuse or neglect of children or helpless adults, and obtains commitment orders for mental illness and substance abuse. The County Attorney attends Commissioners' Court as the civil lawyer for the County and provides a full range of legal services in that capacity. Also provided by the County Attorney is legal advice to all County officials and employees. Where applicable, the County Attorney oversees the representation of officials and employees who are involved in litigation.

### County Clerk

The Countywide electorate elects the County Clerk and the duties and fees of the office are prescribed by the legislature. The County Clerk is the clerk of the County and of Commissioners' Court and is the official recorder of County business. By legislation in Williamson County, the County Clerk functions as the clerk of the court for each of the County Courts at Law. In addition, the County Clerk acts as recorder of deeds and other instruments, records and issues death and birth certificates, issues marriage licenses, registers cattle brands, records and retains all plats, and maintains records of mental health commitments. The County Clerk serves as clerk of the Probate and Civil Court and keeps all records, books, paper, and proceedings of the probate court as well as the County Courts at Law criminal dockets. Additional responsibilities include keeping all records properly indexed, arranged and preserved.

#### District Attorney

The legislature may create the Office of the District Attorney in any judicial district in the state and prescribe the duties of that office. Such an office in Williamson County has been created and the District Attorney is a constitutional officer. The Countywide electorate elects the District Attorney. The duties of the office in general are to represent the State of Texas on all criminal matters before the District Courts of Williamson County. These matters include grand jury proceedings along with bond and asset forfeitures. The District Attorney also handles all appeals from any such matters that are taken to the Court of Appeals, Texas Court of Criminal Appeals, the Texas Supreme Court and the United States Supreme Court.

## **District Clerk**

The Countywide electorate elects the District Clerk. In general, the functions of this office are to serve in an administrative capacity for the District Courts, to perform judicial or quasi-judicial duties in connection therewith, to act as custodian of the court records, to receive money in the clerk's official capacity, and to perform general assessed duties as are enjoined by statute or imposed by the lawful authority of the court. The District Clerk of Williamson County also maintains the files for all criminal, civil, family, and tax cases handled by these courts.

#### Justice of the Peace Courts

There are four Justice of the Peace Courts in Williamson County. Each Justice of the Peace is elected by the voters living within their respective precinct. Justices of the Peace have jurisdiction in all Class C misdemeanor criminal matters where such fines are established by statute. Also, the Justices of the Peace have jurisdiction in civil matters either in Small Claims Court or Justice Court where the amount in controversy is \$10,000 or less (exclusive of interest) of which exclusive original jurisdiction is not given to the County or District Courts. Appeals to the County Court shall be allowed in all cases decided in Justice Court, however, in civil cases, only when the judgment is for more than \$20 (exclusive of costs). The Small Claims Courts exercise concurrent jurisdiction with the Justice Courts in all actions for recovery of money by any person, association of persons, corporations or by any attorney for such parties or other legal entity where the amount involved, exclusive of cost, does not exceed the sum of \$10,000. Small Claims courts may only recover money. All decisions of Small Claims Court and Justice Courts, provided that the amount in controversy, exclusive of costs, exceeds the sum of \$20 may, upon rendition of final judgment by the Judge of the Court, be appealed to the County Court or County Courts at Law. Other duties of the Justices of the Peace in Williamson County include death inquests, mental probable cause hearings, criminal prisoner admonishments, peace bond hearings, school truancy cases, juvenile magistrate statements, animal cruelty hearings, and other administrative duties per code.

### <u>Sheriff</u>

The qualified voters of the County elect the Sheriff to office. The duties of the Sheriff are prescribed by the legislature. The Sheriff may employ guards for the safekeeping of prisoners in the jail and, subject to regulations of Commissioners' Court, has charge and control of the courthouse. In addition, the Sheriff shall execute all processes and precepts directed by legal authority and make return thereof to the proper court. The Sheriff is the Chief Law Enforcement Officer for the County and custodian of the County jail. In addition to apprehending criminals and serving writs and other legal papers for the Civil, County, and District Courts, the Sheriff is also charged with keeping order in the courtrooms. The Sheriff also administers proactive programs aimed at crime prevention and substance abuse control such as the Drug Abuse Resistance Education (DARE) program.

### Tax Assessor-Collector

The Tax Assessor-Collector is elected by the Countywide electorate and performs all of the duties with respect to assessing property for the purpose of taxation and collection of taxes as may be prescribed by the legislature. The duties of the office consist of assessing and collecting County property taxes. The officer may serve in a similar capacity for any incorporated city, town, village, school districts-independent or otherwise, drainage district, and water control in the County. The Assessor-Collector of Williamson County, in addition to assessing and collecting for taxable real and personal property within the County, collects the taxes for many independent cities and districts. Other duties include collecting state and County license fees, occupation fees, beer and liquor taxes and state automobile transaction taxes.

#### County Treasurer

The Countywide electorate elects the County Treasurer. The duties of the County Treasurer are to receive County funds and disburse them, subject to the County Auditor's countersignature. The function of this office is an essential part of internal control in financial matters in that all monies due to the County must be placed in the treasurer's custody. Monies are forwarded to the County Treasury and can be withdrawn upon the signature of the County Treasurer and countersignature of the County Auditor. Additional responsibilities of the County Treasurer include signatory authority for all payroll related payments with the countersignature of the County Treasurer is responsible for the reconciliation of all bank accounts upon which the Treasurer acts as signatory. The County Treasurer prepares and submits all required reports and payments to the State of Texas and serves as Treasurer to the Bail Bond Board. In addition, the County Treasurer serves as the Certified Investment Officer for the County relative to all requirements of the Public Funds Investment Act.

## OFFICES CREATED BY LEGISLATIVE LAW

### County Court-at-Law

There are four County Courts-at-Law in Williamson County, each created by the legislature. The Countywide electorate elects each of the County Court-at-Law judges. These courts have jurisdiction in all misdemeanor cases, probate, and mental illness and chemical dependency matters. The County Courts-at-Law have concurrent jurisdiction with the District Courts in family law cases, including divorces, child custody cases and in civil matters where the amount in controversy does not exceed \$100,000 (exclusive of punitive or exemplary damages, costs, and interest). The County Courts-at-Law have appellate jurisdiction in all appeals in criminal and civil cases from Justice Courts and Municipal Courts. Along with these duties, the County Court-at-Law Judges and the District Judges appoint the Community Supervision and Corrections Department Director.

#### County Auditor

The County Auditor is appointed by the District Judges and serves as the Chief Accounting Officer of the County. The County Auditor has general oversight of all County records and is responsible per statute for projecting revenue during the budget process. The County Auditor must sign all checks written for the County. It is the responsibility of the County Auditor's office to audit each department of the County at least once each quarter. Financial reporting is also performed by the County Auditor's office. The creation of the Comprehensive Annual Financial Report (CAFR) and the Popular Annual Financial Report (PAFR), that is submitted each year to the Government Finance Officers Association for review, is the responsibility of the County. Other responsibilities include managing fixed assets and administering and reporting all grant funds received from the state and federal government and other entities. The County Auditor also serves as the fiscal officer for the Community Services and Corrections Department and Chief Fiscal Officer for Juvenile Services.

#### Budget Officer

In a county with a population of more than 125,000, the Commissioners Court may appoint a Budget Officer. The Budget officer is responsible for preparing a county budget for the fiscal year. In preparing or monitoring the budget, the budget officer may require the county auditor or any other district, county, or precinct officer of the county to provide any information necessary for the budget officer to properly prepare or monitor the budget. The county budget is approved by Commissioners Court.

### Animal Shelter Director

The mission of the animal shelter is to provide humane care to unwanted or abandoned pets, to assist the participating entities in enforcing state law and local ordinances, and to otherwise serve the citizens in a cost-effective manner. The Shelter Director is responsible for animal shelter operations and staff through development and enforcement of policy and procedures ensuring compliance with local, state and federal law. Priorities include development and maintenance of budgetary and financial goals, communication and relationships with regulatory agencies, Commissioners' Court, Shelter Board and officials from all city/county entities. The director also monitors and reports trends which may be used to facilitate planning of programs consistent with the success of overall shelter goals. The Shelter Director is hired by the County utilizing input from the Regional Animal Shelter's Board of Directors.

#### **Chief Juvenile Probation Officer**

The County Juvenile Board, comprised of five District Judges and the County Judge, appoints the Chief Juvenile Probation Officer. The general duties of this office are to properly investigate, process, and handle all cases referred to them by the courts, law enforcement agencies, parents, and other agencies. The Juvenile Probation Department compiles and prepares a detailed social history on all referred offenders and recommends corrective action to the Juvenile Court. The department provides professional casework services and supervision to delinquent children who are placed on probation by the Juvenile Court. Juvenile detention and intensive residential care is also provided by and through the Juvenile Services Department. Each of these units provides care 365 days a year. Several specialized programs are operated through Juvenile Drug and Delinquency Prevention. One specialized sex offender caseload officer is also provided through Juvenile Services.

#### County Emergency Services Senior Director

The County Judge, with the advice and consent of Commissioners' Court appoints the Senior Director of Emergency Services of Williamson County. It is the Senior Director's duty to control and direct the areas of Emergency Management, HazMat, MOT (Mobile Outreach Team), Dispatch, Wireless Communications, and EMS (Emergency Medical Services). It is the responsibility of the senior director to serve as a liaison with other municipal districts, state, County, regional, federal and other emergency management organizations. Emergency Management includes the coordination of disasters local, regional and state and the counties response in such areas. The area of HazMat is responsible for responding to Hazardous Material spills within the county and the region. MOT responds to mental health crisis calls in the county in coordination with the various law enforcement agencies within the county. Dispatch handles all 911 communications between the general public and County, City and Special District Agencies tasked with rapid response. Wireless Communications manages the radio system between the various Public Safety Agencies within the county. EMS responds to all emergency medical calls and handles transport of patients within the county.

### County Extension Service Agent

The Williamson County Office of the Texas Agricultural Extension Service is a unique partnership between the County Commissioners' Court and the Texas A & M University System. County Extension Agents provide outreach education to the citizens of Williamson County in the areas of Agriculture, Family and Consumer Sciences, 4-H, and Youth Development, and Horticulture. Agents utilize research-based information to conduct workshops, clinics, tours, meetings and programs, as well as preparing news releases and web-based education. The Extension Service values and promotes principles of citizen and community involvement, research-based education, lifelong learning, and volunteerism.

### CSCD Director

The Community Supervision and Corrections Department (also known as Adult Probation Department) Director is appointed by the District and County Court-at-Law Judges with criminal jurisdiction. The department is responsible for supervising misdemeanor and adult offenders placed on community supervision (adult probation), offenders placed under pre-trial supervision, and offenders placed in the department's 90-bed intensive inpatient substance abuse program, the Central Texas Treatment Center. The department's mission is to protect the community and rehabilitate offenders. The department operates a number of rehabilitation programs for the supervision of offenders and specialized caseloads for sex offenders, special needs offenders, offenders required to be monitored on electronic monitoring or surveillance, and offenders required to have ignition interlock devices that monitor alcohol use in their vehicles. The department receives most of its funding from state funds and offender fees. The Texas Department of Criminal Justice-Community Justice Assistance Division provides grant and operational funds, and oversight to the department.

### **Elections Administrator**

The Elections Administrator is the County Elections Official and is appointed by the Williamson County Elections Commission. The duties of the Elections Administrator include all voter registration activities for over 237,944 registered voters in 88 precincts and the conduct of election activities for more than 45 county, city and school governments, as well as 52 municipal and special utility districts. Duties also include the preparation and maintenance of appropriate political jurisdiction maps. The Administrator prepares elections contracts and conducts elections for federal and state elections, and for local elections when requested. Duties include the selection and coordination of poll sites, selection and training of poll workers, and preparation of ballot materials. The Elections Administrator coordinates the use of grant funds from the Help America Vote Act (HAVA) with the County Judge and the Auditor and maintains all electronic voting equipment and peripherals. The Elections Administrator serves as the repository for local officials' campaign and expenditure reports. The Elections and serves as a liaison to the Secretary of State regarding elections issues.

# Human Resource Senior Director

The Human Resource (HR) Senior Director for Williamson County is appointed by the County Benefits Committee and the Commissioners' Court. The Senior Director must ensure the County is in compliance with state and federal hiring laws, that applicants meet the qualifications of a particular job opening and that the public is notified when a job opening becomes available within the County. The HR Senior Director is responsible for the management of the Self-Funded Benefits Plan and various other medical and dental benefit plans offered by the County as well as life and long-term disability insurance, workers' compensation insurance, the wellness program and the employee assistance program. The HR Senior Director also monitors the claims disbursement made under the Self-Funded Benefits Plan and must ensure the various benefits plans are administered in compliance with federal laws and regulation. The HR Senior Director must ensure the County complies with the Drug-Free Workplace Policy, the Family and Medical Leave Act (FMLA) and the Americans with Disabilities Act (ADA).

### Infrastructure Services Senior Director

The County Judge, with the advice and consent of the Commissioners' Court, appoints the Senior Director of Infrastructure Services of Williamson County. It is the Senior Director's duty to control and direct the areas of Facilities Maintenance, Fleet Services, the County Engineer's Office and the Road and Bridge Division. It is the responsibility of the senior director to serve as a liaison with local, state, county, and federal organizations. The area of Facilities maintenance oversees all County real estate transactions and facilities construction activities. Facilities additionally ensures the quality and completion of maintenance and repair for all County-owned buildings and grounds. Fleet Services maintains Williamson County's Fleet of vehicles and equipment; makes recommendations during the Budget process of equipment replacement needs for county departments as well as assisting in defining what types of equipment should be purchased. The Road and Bridge Division of Williamson County has the responsibility for the maintenance and repair of all County roads, bridges, drainage structures and ditches pertaining to the road system in Williamson County. The County Engineer's Office is responsible for the planning, design and inspection of roadway and drainage facilities required to provide for the safe, economical and productive operation of the County's transportation system. The County Engineer's Office is additionally responsible for land development coordination activities such as plat review for the unincorporated areas within the County.

### Parks & Recreation Senior Director

The County Judge appoints the Parks & Recreation Senior Director with the advice and consent of the Commissioners' Court. The Senior Director is responsible for the development, operation, and maintenance of County parks, trails and preserves. The senior director also provides for safe and secure facilities and coordinates park related development and activities with cities in the County.

### Purchasing Agent

The Purchasing Agent is hired by the Commissioners' Court. The Purchasing Agent is responsible for carrying out the functions prescribed by law for a purchasing agent and administers the procedures prescribed by law for notice and public bidding for county purchases and contracts. The County Purchasing Agent purchases all supplies, materials and equipment required or used by the county and contracts for all repairs to purchased equipment, as needed.

#### Technology Services Senior Director

The County Judge, with the advice and consent of the Commissioners' Court, appoints the Technology Services Senior Director of Williamson County. It is the senior director's duty to oversee the functions of Information Technology Services (ITS), Geographic Information Systems (GIS), 911 Addressing and Records Management (RM) for the County. ITS includes installing new systems, protecting computer-stored records, maintaining control of daily EDP functions, troubleshooting within County offices as computer-related issues arise as well as supporting County-wide telecommunications. GIS includes management of the central GIS database and interfaces as well as providing GIS, GPS, and related services to County departments and the public. 9-1-1 Addressing includes maintaining the 9-1-1 telephone database for the entire County and providing addressing services for the unincorporated areas and small cities. RM functions include warehousing and protecting records from the various County departments, monitoring and coordinating destruction schedules, and warehousing and coordinating the disposal of assets as the assets exceed their useful life. In addition, the director oversees County mail courier and switchboard functions.

#### Veterans Services

In a county with a population of 200,000 or more, the Commissioners Court shall maintain a veterans county service office. The commissioner's court appoints the veterans county service officer and the number of assistant veterans county service officers that it considers necessary. Veterans Services staff assists veterans and their families with information on programs and services that are available for individuals that have served in the armed forces. They also help them file for and receive their entitled benefits from the Department of Veterans Affairs. Programs and services available include educational benefits, vocational benefits, disability retirement, obtaining lost military records and more.

FEDERAL AND STATE AWARD PROGRAMS

### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable County Judge And Commissioners' Court Williamson County, Texas

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Williamson County, Texas (the County), as of and for the year ended September 30, 2011, which collectively comprise the County's basic financial statements and have issued our report thereon dated March 26, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal controls such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

The Honorable County Judge And Commissioners' Court Williamson County, Texas

Page 2

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the County, in a separate letter dated March 26, 2012.

This report is intended solely for the information and use of management, Commissioners' Court, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

#### INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Honorable County Judge And Commissioners' Court Williamson County, Texas

#### Compliance

We have audited the compliance of Williamson County, Texas, (the County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on each of the County's major federal and state programs for the year ended September 30, 2011. The County's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal and state programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* (OMB Circular A-133) and the State of Texas *Uniform Grant Management Standards* (UGMS). Those standards, OMB Circular A-133 and UGMS require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended September 30, 2011.

#### Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal or state programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal or state program to determine our auditing procedures for the purpose of expressing our opinion on compliance, and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, Commissioners' Court, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

#### WILLIAMSON COUNTY, TEXAS NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AND STATE AWARDS

#### NOTE 1. GENERAL

The accompanying schedule of expenditures of federal and state awards presents the activity of all applicable federal and state awards of Williamson County, Texas (the County). The County's reporting entity is defined in Note 1 to the County's financial statements. Federal and state awards received directly from federal and state agencies as well as federal and state awards passed through other government agencies are included in the respective schedule.

#### NOTE 2. BASIS OF ACCOUNTING

The accompanying schedule of expenditures of federal and state awards is presented using the modified accrual basis of accounting, which is described in Note 1 to the County's financial statements. The schedule includes \$1,483,295 of federal awards provided to subrecipients from the Community Development Block Grant cluster.

#### NOTE 3. RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

Grant expenditures reports as of September 30, 2011, which have been submitted to grantor agencies will, in some cases, differ slightly from amounts disclosed herein. The reports prepared for grantor agencies are typically prepared at a later date and often reflect refined estimates of year-end accruals. The reports will agree at termination of the grant as the discrepancies noted are timing differences.

### NOTE 4. SCHEDULE OF FINDINGS AND QUESTIONED COSTS

The schedule of findings and questioned costs, including the summary of auditor's results for federal and state awards, is included beginning on page 164.
